Transfers of Amildars and Assistant Commissioners.

No. R. 984-1031—L. R. 21-15-1, DATED 22ND JULY 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

REVENUE DEPARTMENT.

READ—

Government Order No. 7473-81—R. 2601, dated the 20th March 1901, directing that proposals for transfers of Amildars and Deputy Amildars be submitted to Government once a year.

Order No. R. 984-1031—L. R. 21-15-1, dated 22nd July 1915.

Government direct that the general rule enunciated in the order read above, be applied to the case of Assistant Commissioners also.

2. In the interests of public service, however, no transfers of either Amildars or Assistant Commissioners should ordinarily be recommended, in the absence of strong administrative reasons, unless the officer concerned has been in his charge for at least three years.

3. Whenever an Amildar or Assistant Commissioner is transferred, he should, before relief, submit a report to the Deputy Commissioner specifying the items of important public work, if any, done by him during the period he held the charge of the office concerned.

Patel and Shanbhog Service Inam wet lands.

No. R. 1403-13—L. R. 540-14-2, DATED 29TH JULY 1915.

Letter No 11817, dated the 23rd March 1915, from the Revenue Commissioner in Mysore, recommending sanction to the proposal of the Deputy Commissioner of the Kolar District, to exempt the Patel and Shanbhog Service Inam wet lands in the Bagepalli Taluk, from payment of irrigation cess separately, as it is merged in the wet assessment of the lands, and to write off the accounts the amount of the cess, *viz.*, Rs. 1,650-5-9, charged on them with effect from 1904-05, in accordance with the instructions of the then Survey and Settlement Commissioner and brought on demand.

Order No. R. 1403-13—L. R. 540-14-2, dated 29th July 1915.

The jodi or the quit rent levied on these Service Inam lands is generally equal to the full survey assessment imposed on them, the cases in which it is less than the survey assessment being very few and the benefit accruing therefrom to the holder being so insignificant as to be negligible. As the irrigation cess leviable on the wet and garden lands comprised in the Inam is merged in the wet assessment it would be inequitable to recover it as a separate levy. Government therefore direct that the cess should not be levied separately on the patel and shanbhog service wet and garden inam lands as in the case of other inams, and that the amount already brought on demand from 1904-05 in the Bagepalli Taluk, be written off the accounts.

Experimental Farm in the Hiriyur Taluk.

No. 102-12—Agri. 105-12-6, dated 8th July 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Read—

Correspondence ending with letter No. *3094, dated 10th December 1914, from the Director of Agriculture in Mysore, recommending the establishment of an Experimental Farm in the Hiriyur Taluk.

(*Printed as annexure.)

Order No. 102-12—Agri. 105-12-6, dated 8th July 1915.

Government are pleased to approve of the proposals of the Director in regard to the Babbur block. The lands required may be taken on lease for five years as proposed, and when taking the lease, option should be secured to purchase them at the end of the period on certain terms, subject to the final approval of Government.

The Director is requested to make necessary arrangements for taking the lands on lease, and also to settle the terms of ultimate purchase along with the lease, and report them to Government for confirmation before the execution of the lease deed.

The cost of leasing the lands, of erecting necessary buildings and of purchasing implements, etc., should be kept as low as possible.

The expenditure will be met from the provision made in the current year's budget for the Farm in the Chitaldrug District.

The Farm will be only partly experimental, and should mainly be run on the lines of Model Farm.

Sanction to the starting of the Farm is accorded on the understanding that it will be worked in such a manner as to become self-supporting (inclusive of the cost of experiments) from the 3rd year after starting. The Director is requested to keep separate accounts for capital outlay and recurring annual expenses, and also for the two sections of the Farm and to submit every year a *pro forma* statement showing the amount spent for initial and recurring expenses, the receipts, the interest on the capital and the profits realised.

ANNEXURE

No. 3094—2, dated Bangalore, 10th December 1914, from Leslie C. Coleman, Esq., M. A., Ph. D., Director of Agriculture in Mysore, Bangalore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Departments of Agriculture, etc., Bangalore.

I have the honour to send herewith for the consideration of Government a note on the opening of an Experimental Farm near Hiriyur. This note was prepared at the request of the Dewan and is accompanied by a rough sketch map and provisional estimate of cost and returns from such a farm.

I have noted in connection with the proposals submitted that should it be considered difficult to find funds for the purchase of lands at Babbur, these lands might be leased for a short term (say five years) and later on purchased when funds are available. I believe the importance of establishing a Farm which will be useful for the irrigible tracts and at the same time serve for the cotton area is so great that this would be decidedly preferable to dropping the scheme entirely for the present.

As the matter should be settled immediately if any thing is to be done during the coming year, I have the honour to request you to treat the matter as very urgent

---

Note on the proposed Farm at Hiriyur.

The establishment of an Experimental Farm at Hiriyur may be made to serve the interest of the Canal Area alone or it may be made to serve in addition the interests of the whole cotton growing tract of the State. In the latter case the area served will be several lakhs of acres, in the former about 20,000. In my opinion the establishment of a Farm for the first purpose alone would, under present circumstances, scarcely be justified. No doubt immense good could be done by such a Farm in the Canal Area alone and the Farm could, in the course of four or five years, be made to pay its way. On the other hand, considering the scarcity of trained men in the State for agricultural work, we should, I believe, hardly be justified in utilising the services of two or three of our slender staff solely for work in this area.

It seems to me therefore that if a Farm is established here it should be made representative of as large a tract as possible. On this account the lands formerly occupied by the South Indian Industrials are not suited for the purpose, although undoubtedly the establishment of a Farm on those lands would be cheaper in the initial stages.

After a careful inspection of practically all the areas at all suitable, I have come to the conclusion that the Farm should be established in one of two places (*a*) in Babbur village or (*b*) in Bochapur and the bordering lands of Alur and Babbur. In both these cases land would have to be acquired. In the case of Babbur there is no Government land available but of the one thousand acres of irrigable lands only about 300 are actually being cultivated. There is thus ample room for a Farm without in any way affecting the real interests of raiyats as the remaining land is at present bringing them little or no return. If 150 acres of irrigable land not under cultivation and about 50 acres of dry land were acquired, this would make a very suitable area. Moreover if the proposed high level channel is constructed it will pass through lands to a great extent similar to those at Babbur. The land (200 acres) for a Farm in Babbur village should cost not more than Rs. 20,000. I have no doubt that it could also be got on lease although it would certainly be more expensive in the end and considering the fact that buildings would have to be erected it would hardly be advisable. However, if the question of funds for the purchase of these lands is felt to be a serious obstacle in the way of the immediate establishment of the Farm, I would suggest the taking of the lands on lease for the present. In this case cheap temporary structures could be erected in place of permanent buildings and the total initial cost could be brought down to less than Rs. 20,000. I feel the importance of starting a Farm is so great that I am anxious to make a beginning even under what would be rather unfavourable circumstances. I may point out here that this land is very accessible being not more than three miles from the main road. As most of the soil is black, ample opportunity would be given for demonstrating the care in applying water which is necessary with such lands.

In the case of Bochapur and Alur lands, about 70 or 80 acres of fair red soil is to be found in the blocks formerly owned by Aminulla Sahib. About 50 acres of this land has been auctioned off, but the sale has, I believe, not yet been confirmed. Further more the purchaser already possesses land in Yelanadu close to good land still belonging to Government. So there would be no difficulty in arranging an exchange for these lands. In addition there is the bed of Alur tank about 60 acres in extent and another 10 or 20 acres on the Hiriyur side of the tank. Although I was informed that the tank land had not been occupied, I now find that it is, so all this land would have to be acquired to make a suitable

block. From enquiries made on the spot Rs. 6,000 would be an outside figure for the whole area of 70—80 acres. Although this land belongs to an inam village I do not think that there would be any great difficulty in acquiring it from the raiyats even if it were thought advisable to leave it under the inamdar as far as assessment is concerned. In this connection I may point out that inam lands were acquired to form part of the area now occupied by the Hebbal Farm.

In addition to this land we should have to lease about 50 acres of black cotton soil in Babbur for work on cotton cultivation.

There remains to consider lands belonging to the South Indian Industrials. Lands which might be utilised are to be found in Patrehalli and Hiriyur villages to the extent of 200 acres. However, as already pointed out this land would be representative of only one type of soil and would be practically useless from the point of view of the general needs of the cotton tract.

I have not considered the Yelanadu lands as they are difficult to get at and represent only one type of soil. Moreover only about 100 acres are available.

With regard to the financial aspect of the Farm the initial expenditure on buildings and equipment would be practically the same wherever the Farm is situated and would amount roughly to Rs. 20,000, this to include a small power cane crushing plant. The details are given in the accompanying detailed estimate. The initial expenditure on a Farm at Babbur would thus be about Rs. 40,000, at Bochapur about Rs. 26,000, and at Patrehalli about Rs. 20,000. The estimated average annual outlay for the first three years would be roughly the same, *viz.*, approximately Rs. 25,000 the extra interest on capital at Babbur and Bochapur being about balanced by the increased expenditure on manure at Patrehalli, while the returns may be estimated at Rs. 11,000 for the first year at Patrehalli rising to Rs. 20,000 in the third year. Whereas in the case of the other two areas the returns should be after three years from Rs. 5,000 to Rs. 10,000 more.

The following abstract statement will give an idea of the financial aspect of the Babbur Farm :—

Estimated Annual Expenditure for Babbur Farm.

Subject No. 252 (*a*) of the proceedings of the Representative Assembly of 1914 regarding the prayer for reduction of the rate of seigniorage on small bamboos required for hedges by the raiyats of the Chinnikatte Magni, Honnali Taluk, and for extension of the privileges granted to malnad raiyats to the portion of the said Magni lying in the malnad.

2. Letter No. 8983, dated 8th March 1915, from the Conservator of Forests in Mysore, stating that, as the bamboo thorn or "Seebu" is generally used by the malnad raiyats for hedges, etc., a low rate of seigniorage at 8 annas per cart load, is fixed, they cannot, if they want to use bamboos instead of "Seebu," expect any concession in the rate of seigniorage on small bamboos as in the case of Medars and Koramars or the wholesale dealers, and that there is no objection to treat a portion of the Chinnikatte Magni as malnad for the purpose of the Malnad Raiyats' Privileges Rules.

3. Letter No. 525—R. 337, dated 7th June 1915, from the Deputy Commissioner, Shimoga District, recommending that the privileges of malnad raiyats be extended to the marginally noted villages of Chetnahalli and Chinnikatte Magnis, lying in the malnad, so far as the agricultural requirements are concerned.

Order No. R. 1260-8—Ft. 138-14-6, dated 27th July 1915.

Government agree with the Conservator that no reduction in the existing rate of seigniorage on small bamboos as prayed for by the raiyats of Chinnikatte Magni is necessary.

2. As regards the other prayer, Government are pleased to direct that the privileges of the malnad raiyats, specified in Government Order No. R. 7375—Ft. 164-04-9, dated 17th March 1909, laying down the Malnad Raiyats' Special Privileges Rules, be extended to the raiyats of the villages referred to above only so far as the agricultural requirements are concerned.

Remarks A.—The following rights of way are admitted within the block throughout the year :—

(1) High road from Chitaldrug to Jagalur, 28 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point about 12 chains south-east from the north-west corner of survey No. 15 of Gopagondanahalli and goes north-east through survey No. 101 of Jagalur and quits the forest in its eastern boundary at the south-west corner of survey No 100 of Jagalur.

(2) Cart-track from Ninganmanahalli to Jagalur, 15 feet wide and about 60 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point about 7 chains north-west from the north-east corner of survey No. 21 of Ninganmanahalli and runs north through survey No. 22 of the above village and enters the Marenahalli enclosure and thence it runs through survey No. 21 of Marenahalli and quits the forest in its eastern boundary at the north-west corner of survey No. 22 of the said village.

(3) Foot-path branching from cart-track No. 2 *supra*, leading to Jagalur, 6 feet wide and about 45 chains long, open for men and cattle. It branches from the south-east corner of survey No. 16 of Marenahalli and goes north-west for 45 chains through survey No. 22 and enters the Marenahalli enclosure through survey No. 19 and quits the forest in its eastern boundary at a point about 1 chain north-east from the north-west corner of survey No. 19 of Marenahalli.

(4) Foot-path branching from the Marenahalli village cart-track to the Marenahalli enclosure, 6 feet wide and about 6 chains long open for men and cattle. It enters the forest in its eastern boundary at a point about 3 chains south from the south-west corner of survey No. 14 of Marenahalli and goes through Survey No. 15 of the said village and reaches the enclosure referred to above at a point about 3 chains north from the north-east corner of survey No. 17 of the said enclosure.

(5) Foot-path from Marenahalli to Ninganmanahalli, 6 feet wide and about 75 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 5 chains south-west from the north-west corner of Survey No. 7 of Marenahalli and goes south-west through Survey No. 15 of Marenahalli, Survey No. 29 of Bommakkanahalli and Survey No. 16 of Ninganmanahalli and quits the forest in its western boundary at a point about 5 chains north-east from the north-east corner of survey No. 6 of Ninganmanahalli.

(6) Cart-track from Arasinagundi to Jammapur, 15 feet wide and 36 chains long, open for men, cattle and carts. It enters the forest in its southern boundary at a point about 8 chains east from the north-west corner of survey No. 34 of Arasinagundi and goes east through survey No. 33 of Arasinagundi and survey No. 150 of Jammapur and quits the forest in its eastern boundary at a point about 10 chains west from the southern most corner of survey No. 149 of Jammapur.

B. The following concessions are allowed within the reserve.—

(I) Survey Nos. 16, 17, 18 and 19 of Marenahalli are clubbed together and treated as an enclosure. Access to it will be by means of foot-path No. 4 *supra*.

(II) The temple of Huli Basava in survey No. 150 of Jammapur to which the villagers go every Monday for making puja, will be demarcated out free from reservation and treated as an enclosure within the block. Access to it will be along a foot-path branching from the cart-track No 6 *supra*.

No. R. 119-22-Ft. 144-14-4, dated 5th July 1915.

(III) (*a*) The raiyats of Jammapur are entitled to graze 444 head of horned cattle and 73 sheep free in the reserve and those of Arasmagundi 184 head of horned cattle free in the reserve during the prescribed season.

(*b*) They are also entitled to remove free from it, 2 cart loads of Bandari shrubs per annum for every house for domestic purposes.

(IV) The raiyats of the undermentioned villages are allowed to graze in the reserve during the prescribed season, their cattle and sheep as specified against each village on an annual payment of a lumpsum fee noted against it.

To—The Compiler, *Mysore Gazette*, for publication.

Letter No. 6616, Bangalore, dated 7th December 1914, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

I have the honor to forward herewith for the orders of Government letter No. 297, dated the 2nd April 1914, together with its enclosures (in original) from the Forest Settlement Officer, received through the Deputy Commissioner, Chitaldrug District, reporting on the conclusion of the settlement of the Jagalur Block in the Jagalur Taluk, and to state that the block in question extends from the southern portion of the Kasaba village of Jagalur up to the bed of the village tank of Jammapur in the south. It covers an area of 1,438 acres, 38 guntas or 2·24 square miles comprising kharab and gomal lands of the marginally noted seven villages.

1. Jagalur
2. Marenahalli
3. Bommakkanahalli
4. Jammapur
5. Arasingundi
6. Ningannanahalli
7. Gopagondanahalli

2. All the claims preferred by the villagers concerned before the Forest Settlement Officer were admitted in full, except five of a miscellaneous character which were partly admitted. The major portion of the gomal lands of Jammapur and Arasingundi will be included in the reserve and the remaining area will not be sufficient for the cattle in them. Consequently the rayaits of these two villages may, as proposed by the Forest Settlement Officer, be allowed to graze in the reserve during the prescribed season a limited number of their cattle and sheep free of charge. As the only gomal land of the Gopagondanahalli village will be included in the reserve the proposal to allot as gomal an equal extent of land out of kharab survey No. 17 may be adopted.

3. No appeals have been preferred to the Deputy Commissioner against the decision of the Forest Settlement Officer.

4. The Deputy Commissioner is agreeable to the proposed reservation which appears quite necessary owing to the difficulty for fuel experienced in the taluk. The final notification may issue.

No. 297, Enclosures 5, dated Bangalore, 31st March—2nd April 1914, from C. Venkata Rao, Esq., B.A., Forest Settlement Officer in Mysore, to K. S. Dorasami Iyer Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Chitaldrug District.

I have the honor to report on the conclusion of the settlement of the Jagalur Block in the Jagalur Taluk of the Chitaldrug District.

2. The initial notification under Section 4 of the Mysore Forest Regulation, proposing to constitute the area into a State Forest, appeared on pages 188 and 189 of the English issue of the *Mysore Gazette*, Part I, dated 6th February 1913; and the proclamation under Section 5 of the said Regulation was issued by me, and the same was published on pages 225, 226 and 227 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 20th March 1913. The proclamatory notices were got served on the villagers concerned through the Amildar of the Jagalur Taluk.

3. The tract was inspected and perambulated by me in company with the District Forest Officer of the Chitaldrug District and the Jagalur Taluk Amildar on the 2nd and 3rd July 1913. It consists of a series of small hills, devoid of tree growth altogether, as the soil is stony and the rainfall poor. Its present condition has also to be attributed to heavy grazing and constant fires, as the villages affected by the proposed reserve contain large live-stock. Considering the fact that the Jagalur Taluk is an arid tract, and that there is already much difficulty for fuel, there is greater necessity for reserving the block in question with a view to its being developed into a fuel preserve.

4. The undermentioned fifteen claims were preferred to me during the enquiry:—

(1) six claims to right of way.

(2) one claim to patta right and,

(3) eight claims to miscellaneous rights.

All the claims in (1) and (2) were admitted. Of the eight claims in (3) three were fully admitted and five partly admitted.

In the Gopagondanahalli village the only gomal, *viz.*, survey No. 14 measuring 105 acres had been proposed to be included in the reserve. I therefore beg to recommend that an equal extent of land in survey No. 17 shown as kharab in the village accounts, may be made into a separate survey number and assigned to the village in question as gomal. (*Vide* Government Order No. R. 4209-19—Ft. 83-09-1, dated 15th December 1909).

5. The Deputy Commissioner has intimated in his letter No. 236, dated 6th February 1914, that no appeals have been preferred to him against my settlement decision.

6. The following records are herewith submitted:—

1. 'B' Register.
2. 'C' Register.
3. Sketch map.
4. Boundary notification and,
5. Topo-sheet.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

1	Thimmaiya, patel of Nagannanahalli.	1st July 1913	States that if the preliminary demarcation line is confirmed, the raiyats will be deprived of their pasture lands, and therefore prays that the two survey numbers proposed for the reserve may be excluded therefrom.	... ...	As no gomal survey numbers have been taken, the objections of the patel appear to be frivolous	In the Ningannahalli village there still remains 178 acres of gomal and 105 acres of kharab for the use of 321 head of horned cattle. I therefore order that the preliminary demarcation line as now laid out be confirmed except where it touches cultivated lands. It will accordingly be shifted to a point about 5 chains east from the south-east corner of survey No. 63 and taken through survey No 16 for a distance of 50 chains to a point about 5 chains east from the north-east corner of survey No 6, then north-west for about 26 chains through survey No 16 to a point on the east side of survey No. 15 about 5 chains north from the north-east corner of survey No 7, then north along the east side of survey No. 15 to its north-east corner, then along the east side of survey No. 22 for about 25 chains to the northernmost corner of survey No. 16 and then west through survey No. 22 for about 28 chains to a point on the east side of survey No. 23 about 5 chains north from the north-west corner of survey No. 21. 8	Ramaiya, patel of Gopagondanhalli.	1st July 1913	Represents that survey Nos. 15, 16 and 13 are suited for cultivation, that survey No. 16 has already been applied for, for cultivation and the same sold in an auction sale which has not yet been confirmed by the Revenue authorities and that a portion of survey No. 14 is also available for cultivation, and prays that these four survey numbers may be retained for the raiyats' use.	.....	The survey numbers may be excluded which appear to be fit for cultivation.	In the Gopagondanhalli village, survey Nos. 13, 14, 15 and 16 are proposed to be included in the reserve in question. Survey No. 16 has already been sold in a revenue sale held on a dharkhast for the same and the sale has not yet been confirmed by the Revenue Sub-Division Officer. Survey No. 15 measuring 7 acres is the only assessed waste land available in the village for intending dharkhastdars. Survey No. 13 which is treated as kharab is also likely to be taken up for cultivation. In these circumstances, I decide that they be excluded altogether from the reserve. The preliminary demarcation line requires modification as it touches survey Nos. 10, 12 and 78 which are under cultivation. I accordingly direct that it be shifted farther away from its present position on the east side of survey No. 14 by about 29 chains and taken north-west for 27 chains through survey No. 14 so as to meet the east side of survey No. 13 at a point about 13 chains north-west from the north-east corner of survey No. 12, then along the east side of survey No. 13 for about 19 chains to its northernmost corner, then north along the Chitaldrug-Jagalur High road to the north-west corner of survey No. 14, then west across the said High road and along the north side of survey No. 15. Survey No. 14 is the only gomal land assigned for the village and this according to my decision falls within the reserve. As required by Government Order No. R. 4926—Ft. 86-09-1, dated 16th December 1909, a recommendation will be made for assigning as gomal 105 acres out of survey No. 17, measuring 583 acres 30 guntas and shown as kharab in the village accounts. C. VENKATA RAO, Forest Settlement Officer. 4th July 1913.		

4	Baramiah, patel of Gopagondanhalli.	1st July 1913	Requests the right of way to the Chitaldrug-Jagalur high road, and to the foot-paths leading to Kankuppe and Machikere may be admitted.	.....		Claim to right of way to the 2 foot-paths is admitted, but they fall outside the settled boundary *Vide* claim 15 for High road. C. VENKATA RAO, Forest Settlement Officer 4th July 1913.
5	Maralappa, patel of Arasinagundi	Do ...	Represents that survey No 33 which is now proposed for the reserve is the only gomal land and prays that it may be excluded therefrom.	.....	Some grazing concession may be given.	As the preliminary demarcation line touches cultivated survey Nos. 24, 25, 26, 27, 28, 30, and 32 in the Arasinagundi village taking a zigzag course, it will be deviated at a point about 5 chains east from the south-east corner of survey No. 24 and then taken north-west through survey No. 33 for about 18 chains to a point about 5 chains east from the easternmost corner of survey No. 25, then north-west through the said survey No. 33 for about 37 chains so as to meet its north side at a point about 5 chains east from the north-east corner of survey No 32 In issuing notification under Section 4 of the Forest Regulation, relating to the proposed reserve, Government have observed that "the Forest Settlement Officer will give due consideration to the grazing and agricultural needs of the Jammapur, Arsinagundi and Gopagondanhalli villages" evidently on the ground that the entire area of the gomal land assigned to these villages has been proposed to be included in the forest. As there are no kharab lands in the Jammapur and Arasinagundi villages to be given in exchange for the extent of gomal ordered to be included in the reserve I decide that the cattle of these two villages be entitled to graze free in the reserve and that the raiyats thereof be entitled to remove free from it two cart-loads of Bandari shrubs per annum, for every house Cattle Sheep. 7	Basappa, patel of Jammapur.	1st July 1913...	States that survey No. 150 which is the only gomal land assigned to the village has been proposed for the reserve and prays that it may be excluded therefrom.	.....	The only gomal has been proposed Hence grazing concession may be granted.	The Jammapur village has to contribute according to the proposal the entire area of its gomal. As the preliminary demarcation line includes within it the hamlet of Gollarahatti while it touches the Aali village dwelling houses and six survey numbers which are under cultivation, it calls for modification. I accordingly direct that it be shifted five chains west on the north side of survey No. 150 and taken south through the said survey number for about 94 chains to a point about 13 chains south-west from the south-west corner of survey No. 8, and then in the same direction for 60 chains through survey No. 150 to meet the northern boundary of survey No. 146 (tank) at a point about 10 chains west from the southernmost corner of survey No. 149. Represents that there is a small temple known as Hulibasava in survey No. 150 which is resorted to by the villagers for making pooja every Monday, and that it may be excluded from the reserve with a right of way to it.	.....	.....	The temple of Huli Basava in survey No. 150 to which the villagers go every Monday for making pooja will be demarcated out free from reservation and treated as an enclosure within the block, access to it being along a foot-path branching from that leading from survey No 149 to Arasinagundi, right of way to which is also admitted C. 10	Bommiah, patel of Marenahalli.	1st July 1913	Represents that as the gomal survey numbers consist of boulders, the raiyats have to depend for grazing of the cattle on the kharab survey Nos. 15, 20 and 21 which have been proposed for the reserve, and therefore prays that the preliminary demarcation line may be cancelled.	.....	Kharab survey numbers have been proposed. The patel's representations are unreasonable.	After excluding the area proposed from the Marenahalli village for the reserve, there remains 304 acres of gomal for the use of the village cattle which at present number no less than 266, and this seems to be enough for them. But as the preliminary demarcation line touches 9 cultivated survey numbers of the village, it requires some alteration. I therefore direct that it be deviated at the north-west corner of survey No. 22 and taken south along the ridge through survey Nos. 21 and 15 for about 45 chains to a point about 10 chains west from the south-west corner of survey No. 13, then east for 19 chains through survey No. 15, to a point 5 chains south-west from the north-west corner of survey No. 12, then south-east for about 37 chains through the same survey number to a point about 5 chains west from the north-west corner of survey No. 7 and then south-east through the same survey No. 15 for about 15 chains so as to meet its south side at a point about 5 chains west from the south-west corner of survey No. 5. Survey Nos. 16, 17, 18 and 19 will be clubbed together and treated as an enclosure and demarcated out free from reservation. Right of way to it will be along a foot-path branching from the village cart-track running at the westernmost corner of survey No 20. C. VENKATA RAO, Forest Settlement Officer. 4th July 1913.	.....	...
11	Bommiah, patel of Marenahalli.	Do ...	Requests that right of way to the three foot-paths shown in the village map may be admitted.	.....	.....	Right of way to the foot-paths leading from Marenahalli to Ningannanahalli, (2) Ningannanahalli to Jagalur and shown in the village map will be admitted for men and cattle throughout the year. Width to be 6 feet. *Vide* claim 2 for cart-track. C. VENKATA RAO, Forest Settlement Officer. 4th July 1913.

23	Bora, patel of Bommakkanahalli.	1st July 1913.	States that survey No. 29 which is the only pasture land on which the village cattle depend for grazing has been included in the reserve, and begs that it may be excluded from the reserve.	.....	This a kharab number with hardly any grass growing on the stony slopes of the hill. The patel's prayer for excluding the number appears to be frivolous.	As only kharab is proposed for the reserve, I confirm the line as now laid out except where it touches survey No. 5 of Marenahalli and survey No. 29 of Bommakkanahalli which are cultivated lands. The deviation will be made as marked by me in the village map. C. VENKATA RAO, Forest Settlement Officer. 4th July 1913.	.....	...
13	Lingappa, resident of Mastigirihalli.	Do ...	States that survey No. 6 is in the holding of his son who lives with him, that it is proposed to be included in the reserve, and that he is not in favour of receiving compensation for it, and prays that it may be excluded from the reserve.	Supported by the evidence of Patel Bora.	This may be excluded.	Malammanahalli has to contribute to the reserve survey No. 6 measuring 25 acres This land was knocked down to one Ranga Rao in a Revenue sale and the khata was made in his name in the year 1909-10. As the party is not willing to receive compensation and as no useful purpose will be gained by including it in the reserve inasmuch as there are no trees standing on it, I direct that it be excluded from the reserve. C. VENKATA RAO, Forest Settlement Officer. 4th July 1913.	.....	...
14	Gurappa, patel of Jagalur.	Do ...	States that the preliminary demarcation line includes survey Nos. 100 and 101 and that as there is a large live-stock in the village, prays that they may be excluded from the reserve.	.....	.....	After deducting the area proposed for the reserve there still remains 838 acres of kharab and 168 acres of gomal for the communal purposes of the villagers of Jagalur. The live-stock owned by them consists of 1485 head of horned cattle and the area of pasture lands remaining for them is apparently enough. But the preliminary demarcation line of the reserve within the limits of this village requires to be shifted farther away from cultivated lands bearing survey Nos. 102 and 97 and	.....	...

				from the Chitaldrug-Jagalur High road which it crosses twice taking a zig-zag course. I accordingly direct that the same be shifted 5 chains south from its present position on the west side of survey No. 101 and then taken eastwards through the said survey number for 5 chains, then north west for 21 chains to a point about 5 chains south from the south west corner of survey No. 102, then eastwards for 22 chains to meet the east side of survey No. 101 at a point about 9 chains south-east from the north-east corner of the said survey No 101 where a bandh is located; then in the same direction for 13 chains to a point about 5 chains south from the south-west corner of survey No 97, then in the same direction to meet the east side of survey No. 100 for about 19 chains at a point about 9 chains south from the south-east corner of survey No. 97; and then south west for 37 chains through survey No. 100 as to meet its south-west corner. C. VENKATA RAO, Forest Settlement Officer. 4th July 1913.
15	Gurappa, patel of Jagalur.	1st July 1913	Requests that right of way to the High road leading to Chitaldrug may be admitted.	.....	.....	Right of way to the High road leading to Chitaldrug will be admitted for men, cattle and carts throughout the year C. VENKATA RAO, Forest Settlement Officer. 4th July 1913.

N. B.—As the villages affected by the proposed reserve contain large live stock, the grazing in the proposed reserve has been heavy. As the soil is stony and the rainfall in the locality is small, the growth of grass is wretchedly poor. Consequently it is not safe to apply rigidly the rule prescribing 80 acres of gomal land for the pasturage of 100 head of cattle, to the present case. As sheep forms a large portion of the live-stock kept by the raiyats in these parts, for the sake of manure, it is necessary that they must also be allowed to graze in the reserve. I accordingly decide that the raiyats of the undermentioned villages be allowed to graze in the reserve during the prescribed season, their cattle and sheep as specified below, on an annual payment of lumpsum fees as noted against them.

NOTIFICATION.

No. R. 753—Ft. 161-14-5, dated 15th July 1915.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of section 17 of the Mysore Forest Regulation (XI of 1900) that, from the 1st August 1915, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk	Hobli	Village	Approximate area	Name of block
Kolar ...	Goribidnur Taluk.	Hosur hobli...	1. Hoskote ... 2. Hunsekunte 3. Naduvalahalli 4. Machanahalli 5. Sonaganahalli 6. Gondavalapalli 7. Somasettihalli	4·84 sq. miles	Yemmegudda

BOUNDARIES.

North.—Starting from the south-west corner of Survey No. 28 of Hoskote, the line runs south-east along the south side of the same survey number to its south-east corner; then north-east along its east side to its north-east corner touching Bhaktarhalli boundary; then north-east along the southern boundary of the Bhaktarhalli village for a distance of about 46 chains to the westernmost corner of Survey No. 43 of Hoskote; then south-east along the south side of Survey No. 43 to its south-east corner; then along the south side of Survey No. 50 of Hoskote to the north-west corner of Survey No. 45 of the same village; then south-west along its west side to its south-west corner: then south-east along the south sides of Survey Nos. 45, 16, 15 and 14 of the said village to the south-east corner of the last named survey number.

East.—Thence south-west along the west side of Survey No. 12 of Yerapothanhalli to its south-west corner, then south-west through Survey No. 36 of Hunsekunte for a distance of about 28 chains to the north-west corner of Survey No. 51 of the said village; then south-west along the west side of Survey No. 51 to its south-west corner; then west through Survey No. 36 for about 9 chains to a point about 6 chains north-west from the north-west corner of Survey No. 49 (tank); then south-west through Survey No. 36 for about 16 chains to a point about 7 chains south-west from the south-west corner of the aforesaid Survey No. 49 (tank); then east for about 2 chains through the said Survey No. 36 to a point about 5 chains south-west from the south-west corner of Survey No. 49 'tank'; then south-west through Survey No. 36 for about 11 chains to the north-west corner of Survey No. 37; then west for about 5 chains along the north side of Survey No. 31; then south-west for about 22 chains through Survey Nos. 31 and 39 to a point on the south side of the latter survey number about 5 chains west from the south-west corner of Survey No. 38; then south through Survey No. 31 for about 21 chains to a point about 5 chains west from the south-west corner of Survey No. 41; then south-east through Survey No. 31 for about 9 chains to the south-west corner of Survey No. 40; then east along the south side of the latter survey number to its south-east corner: then south-east along the south side of Survey No. 29 to its south-east corner; then north-east along its east side for about 60 chains to the south-west corner of Survey No. 183 of Sonaganhalli; then south-east along the south side of the said Survey No. 183 of Sonaganhalli to its south-east corner; then south-west along the west side of Survey No. 181 of the same village to its south-west corner; then south-west along the west side of Survey No. 61 of Machanahalli to its south-west corner; then south along the west side of Survey No. 52 of the said village to its south-west corner; then south through Survey No. 45 for about 9 chains to the north-west corner of Survey No. 26 of Nadavalhalli; then north-west along the north sides of Survey Nos. 25, 21, 20 and 16 of Nadavalhalli for a distance of about 75 chains to the north-west corner of the last named survey number, then south-east, south, south-west along the west side of the said Survey No. 16 to its south-west corner; then east along its south side for about 25 chains to the north-west corner of Survey No. 38 of Gondavalahalli; then south-west along the west side of the said Survey No. 38 to its south-west corner; then west and south-west along the west side of Survey No. 37 to its south-west corner; then south-east along the west side of Survey No. 46 to its south-west corner.

No. R. 749-52—Ft. 161-14-4, dated 12th July 1915.

South.—Thence south-west along the north side of Survey No. 60 of Somasettihalli for about 10 chains to the north-west corner of Survey No. 54 of the same village; then west along the north side of Survey No. 53 to its north-west corner; then in the same direction through Survey No. 50 for about 22 chains to the north-east corner of Survey No. 49; then in the same direction through the said Survey No. 49 for about 42 chains to a point on its west side about 8 chains north from the north-west corner of Survey No. 136; then south-west through Survey No 135 for about 29 chains to a point on its west side about 8 chains north from the north-west corner of Survey No. 140.

West.—Thence north-west along the east side of Survey No. 134 to its northernmost corner; then north-east along the Tumkur District frontier to the starting point.

Remarks.—A. The following rights of way are admitted within the block, throughout the year.

(i) Foot-path from Yerpothanhalli to Kashapur, 6 feet wide and about 103 chains long, open for men and cattle. It enters the forest in its northern boundary at the south-east corner of Survey No. 14 of Hoskote, runs north-west through Survey Nos. 19, 18, 17, 38, 37, 36, 41, 29 and 28 of the said village and quits the forest in its northern boundary at a point about 2 chains south from the north-east corner of Survey No. 28 of Hoskote.

(ii) Cart-track from Hoskote to Hunsekunte, 15 feet wide and about 39 chains long, open for men, cattle and carts. It enters the forest in its northern boundary at the south-east corner of Survey No. 14 of Hoskote, goes south through Survey Nos. 19 and 20 of Hoskote and Survey No. 36 of Hunsekunte and quits the forest in its eastern boundary at a point about 8 chains south from the south-west corner of Survey No. 12 of Yerapothanhalli.

(iii) Cart-track from Hunsekunte to Kashapur, 15 feet wide and about 44 chains long, open for men, cattle and carts. It enters the forest in its eastern boundary at a point about 5 chains west from the north-east corner of Survey No. 39 of Hunsekunte, runs west through the same survey number and west through Survey No. 31 and reaches Survey No. 34 treated as an enclosure: then again it leaves the said enclosure at a point about 8 chains north-west from the south-west corner of Survey No. 34, runs south-west through Survey No 31 and quits the forest in its western boundary at a point about 18 chains south-west from the southernmost corner of Survey No. 33

(iv) Cart-track from Hunsekunte to Thimmannakunta in Survey No. 182 of Sonaganahalli, 15 feet wide and about 85 chains long, open for men, cattle and carts. It enters the forest in its eastern boundary at a point about 15 chains south from the south-east corner of Survey No. 28 (tank) of Hunsekunte, goes south-west along the northern boundary of Sonaganahalli and reaches the said kunte.

(v) Foot-path branching from the cart-track leading to Nadavalahalli from Sonaganahalli, and leading to Lingadevarhalli, 6 feet wide and about 110 chains long, open for men and cattle. It branches from the said cart-track at a point about 14 chains north-west from the south-west corner of Survey No. 52 of Machenahalli, runs west through Survey Nos. 51, 49, 48 and 47 of the same village, and quits the forest in its western boundary at a point about 7 chains north from the south-west corner of the last named survey number.

(vi) Cart-track from Sonaganahalli to Naduvalahalli, 15 feet wide and about 58 chains long, open for men, cattle and carts. It enters the forest in its eastern boundary at a point about 3 chains north-east from the south-west corner of Survey No. 181 of Sonaganahalli runs south and south-west through Survey Nos. 50, 51, 46 and 45 of Machenahalli and Survey No. 25 of Nadavalahalli and quits the forest in its eastern boundary at a point about 10 chains west from the south-west corner of Survey No. 45 of Machenahalli.

(vii) Cart-track from Naduvalahalli to Lingadevarhalli, 15 feet wide and about 56 chains long, open for men, cattle and carts. It enters the forest in its eastern boundary at a point about 9 chains south-east from the north-west corner of Survey No. 16 of Naduvalahalli, runs west through Survey Nos. 19 and 18 of the same village, and quits the forest in its western boundary at a point about 4 chains south from the north-west corner of the latter survey number.

(viii) Foot-path from Somasettihalli to Gondavalahalli, 6 feet wide and about 21 chains long, open for men and cattle. It enters the forest in its southern boundary at a point about 1 chain west from the south-east corner of Survey No. 52 of Somasettihalli and runs north and north-east through Survey No. 52 of the said village and Survey No. 45 of Gondavalahalli and quits the forest in its eastern boundary at a point about 6 chains south-east from the northernmost corner of Survey No. 45 of Gondavalahalli.

(ix) Foot-path from Somasettihalli to Dasappanakunte in Survey No. 50 of the same village, 6 feet wide and about 6 chains long, open for men and cattle. It enters the forest in its southern boundary at the north-west corner of Survey No. 48 of Somasettihalli, runs north through Survey No. 50 to the said kunte.

No. R. 749-52—Ft. 161-14-4, dated 15th July 1915.

(x) Cart-track from Somasettihalli to Lingadevarhalli, 15 feet wide and about 28 chains long, open for men, cattle and carts. It enters the forest in its southern boundary at a point about 10 chains west from the north-west corner of Survey No. 48 of Somasettihalli, runs north-west through Survey No. 49 of the same village and quits the forest in its western boundary at the south-west corner of Survey No. 50 of the said village.

B. The undermentioned concessions are admitted within the block.

1. Survey No. 34 of Hunsekunte is treated as an enclosure with a margin of 5 chains all round, access to it being along the cart-track No. III *supra*.

2. Thimmannakunte in Survey No. 182 of Sonaganahalli is treated as an enclosure, access to it being along the cart-track No. IV *supra*.

3. Dasappakunte in Survey No. 50 of Somasettihalli is treated as an enclosure, access to it being by foot-path No. IX *supra*.

4. The raiyats of Yerapothanhalli, (237 cattle), Hosur (1,534 cattle), and Upparhalli (637 cattle) are entitled to graze their cattle in the reserve on payment of half the prescribed fees during the prescribed season.

By Order,
D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Letter No. 107774, dated 4th March 1915, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

I have the honor to forward herewith for the orders of Government the marginally noted papers (in original) relating to the conclusion of the settlement of the Yemmegudda Block in the Goribidnur Taluk, received from the Forest Settlement Officer through the Deputy Commissioner, Kolar District.

1. Letter No. 168, dated 2nd December 1913, from the Forest Settlement Officer.
2. Letter No. 75, dated 15th December 1914, from the Forest Settlement Officer.
3. Boundary Notification.
4. 'B' Register.
5. 'C' Register.
6. One tracing.
7. One topo extract.

2. The block in question is situated in the south-western portion of the taluk and adjoins the Maddagiri Taluk of the Tumkur District. It covers an area of 3,096 acres, 5 guntas consisting of assessed waste, kharab and gomal lands as noted in the margin belonging to seven villages of which one is bechirakh.

	A.	G.
Assessed waste ...	553	34
Kharab ...	201	30
Gomal ...	2340	21
Total ...	3,096	5

3. Eighteen claims were advanced before the Settlement Officer, of which 16 were fully admitted and out of the remaining 2 which were of a miscellaneous character, 1 was partly admitted, while the other was rejected.

4. An appeal preferred by the District Forest Officer against the decision of the Settlement Officer which related to the exclusion from the reserve of four assessed waste lands of the Naduvalahalli village was dismissed by the Deputy Commissioner No other appeals were filed either by the District Forest Officer or the villagers concerned.

5. Adequate provision has been made for the grazing and other requirements of the villagers. The Deputy Commissioner has recorded no objection. The settlement of the block may, in these circumstances, be approved and the final notification issued.

Letter No. 168, dated Bangalore, the 2nd December 1913, from C. Venkata Rao, Esq., B.A., Forest Settlement Officer in Mysore, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore.

I have the honor to report on the conclusion of the settlement of the Yemmegudda block in the Goribidnur Taluk of the Kolar District.

2. The initial notification under section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest, appeared on pages (306 and 307) of the English issue of the *Mysore Gazette*, dated the 20th July 1911, and the proclamation under section 5 of the said regulation was published on pages 621 and 622 of the Kannada issue of the *Mysore Gazette*, dated 23rd September 1911.

3. The proclamatory notices were got served on the villagers concerned through the Amildar of the Goribidnur Taluk.

4. I inspected and perambulated the tract in question in company with the Amildar and the District Forest Officer of Kolar on the 18th and 19th June 1912.

No. R. 749-52—Ft. 161-14-4, dated 15th July 1915.

As the tract is nothing but a scrub jungle containing bandari and some thorny shrubs except in a portion of the Machepalli village limits, and as the soil is generally stony and poor, its conservation for several decades can ultimately result in the formation of a fuel reserve only. As it is not favoured by copious rainfall every year, the claims of the raiyat population in its neighbourhood, relating to rights of grazing are entitled to preferential consideration.

5. During the enquiry the undermentioned eighteen claims were preferred to me.

(i) One claim to right of grazing.

(ii) Five claims to right of way.

(iii) One claim to patta right,

and (IV) Eleven claims to miscellaneous rights,

All the claims in (i), (ii) and (iii) were admitted. Of the 11 claims in (IV) 9 were fully admitted, 1 partly admitted, and 1 rejected.

6. The orders passed by the Deputy Commissioner, Kolar District on the appeal preferred to him by the District Forest Officer of Kolar against my settlement decision and communicated to me with his letter No. 1011, dated the 14th August 1913, have been noted in the prescribed column of the 'B' Register.

7. The following records are herewith submitted :—

(1) 'B' Register.

(2) 'C' do

(3) Sketch map.

(4) Boundary notification.

(5) Topo tracing.

8. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

1	Subbayappa, patel of Hoskote.	17th June 1912	States that the raiyats of his village graze their cattle in the assessed waste lands on this side of Chikkahalla and that the raiyats of Yerapothanhalli have also been grazing their cattle in the gomal lands of his village, and requests that these lands may be excluded from the reserve.	.. ...	The proposed area consists of assessed waste lands which have been lying fallow since survey settlement, and kharab lands which the raiyats cannot ask for exclusion from the forest. The village has only 31 houses and 152 horned cattle for which all the gomal lands and 500 acres of waste lands have been given.	1 and 2. The village of Hoskote has to contribute to the reserve in question 473 acres, 28 guntas of assessed waste lands and 141 acres, 28 guntas of kharab. There will then remain for communal purposes of the village 108 acres of kharab and 467 acres of gomal. This is more than adequate for the grazing of 152 head of horned cattle. The raiyats of the adjoining village of Yerapothanhalli have set up a claim to the right of grazing in the lands of the Hoskote village. The patel of Hoskote has stated that they were grazing their cattle (237) only in the gomal lands of his village. But, considering the fact that only assessed waste lands adjoining the lands of Yerapothanhalli, it is hard to believe that the raiyats of the latter village preferred to take their cattle to the distant gomal lands of Hoskote. As a large area of assessed lands were lying waste close to Yerapothanhalli, the raiyats thereof might have used them as their pasture lands owing to the area of gomal assigned to their village being very inadequate.	.....	
	Kariyanna, Yejaman of Gollar caste in the Yerapothanhalli.	Do ...	Represents that from time immemorial the raiyats of his village have been grazing their cattle in the halbanni and gomal lands of Hoskote and begs that this right may be conceded to them.	Supported by the patel of Hoskote.	As all the gomal lands and 500 acres of assessed waste have been left to the village of Hoskote, the raiyats of this village may with the consent of Hoskote raiyats graze their cattle in the gomal lands of Hoskote.	It is in evidence that only an extent of 70 acres has been treated as gomal for Yerapothanhalli for the grazing of 457 head of cattle including sheep and goats. This is of course quite inadequate for them. I would, in consideration of this fact, and owing to the locality not being favoured by copious rainfall, concede to them the right of grazing their horned cattle (237) within the reserve on concession rates. I accordingly direct that the horned cattle (237) of Yerapothanhalli be allowed to graze in the reserve during the prescribed season on the raiyats paying to the Forest Department, half the prescribed fees. 3	Subrayappa, patel of Hoskote.	7th June 1912	Requests that right of way to the foot-path leading from Yerapothanhalli to Kasapura and to the cart-track to Hunsekunte may be admitted.	.....	May be allowed.	Right of way to the foot-path (6 feet wide) leading from Yerapothanhalli to Kasapura (Koratagere Sub-Taluk) and to the cart-track to Hunsekunte (15 feet wide) will be admitted throughout the year. C. VENKATA RAO. Forest Settlement Officer. 20th June 1912.	.....	..
4	Anjanigowda, patel of Hunsekunte.	19th June 1912	Requests that the preliminary demarcation line may be shifted to a distance, as it touches the edge of cultivated lands bearing survey Nos. 41, 42, 38, and 37 and that the portion of survey No. 29 proposed for being included in the reserve may be excluded altogether.	.....	This village has only 8 houses and 45 head of cattle for which 204 acres of gomal and 600 acres of assessed waste lands which have been lying fallow since survey settlement have been left for the requirements of the raiyats and this is more than enough.	Hunsekunte village has to contribute for the formation of the reserve in question, 1,339 acres, 8 guntas of gomal and 41 acres, 28 guntas of assessed waste lands. The area left consists of 245 acres, 9 guntas of gomal and 27 acres, 5 guntas of kharab for the use of 45 head of horned cattle. As a portion of survey No. 29 is better suited for grazing purposes owing to its proximity to the breached tank (survey No. 28 to which it was ascertained that the village cattle are taken for grazing in preference to the village gomal lands which are situated on the other side of the halla, I decide that survey No 29 be totally excluded from the reserve As the preliminary demarcation line touches the margin of cultivated lands bearing survey Nos. 41, 42, 38 and 37, I direct that it be shifted farther to the west by 5 chains from its present position on their eastern side and 7 chains on the south side of survey No. 41. C VENKATA RAO, Forest Settlement Officer 20th June 1912.	The decision of the Forest Settlement Officer is upheld. P. F. BOWRING, Deputy Commissioner, Kolar District	..
5	Ascertained by the Forest Settlement Officer.	Do ...	Requests that as the preliminary demarcation line abuts on the Gokunta to which the cattle go for drinking water, the same may be shifted farther away.	.....		As the Gokunta to which the village cattle resort for drinking water and for taking shelter in a small tope close to it, abuts on the preliminary demarcation line, the same will be shifted farther away from the said katte by 5 chains C. VENKATA RAO, Forest Settlement Officer 20th June 1912.	.	..
8	Venkatasubbiah, patel of Hosur.	18th June 1912	Represents that the cattle of his village have been for several years grazing in the lands of Hunsekunte village which have been proposed for reservation and that sufficient extent for grazing may be excluded.	Supported by the evidence of shanbhog Appaiya.	The raiyats have not produced any documentary evidence in support of their right to graze in the Hunsekunte lands and hence their claim may not be admitted	The raiyats of the populous village of Hosur in the neighbourhood of the reserve in question, which is the headquarters of the hobli bearing that name have set up a claim to the right of grazing in the pasture lands of Hunsekunte which has	... .	..

						contributed a large extent of 1,380 acres to the reserve. As usual in such cases they have adduced only oral evidence which is not free from bias. The village contains 623 houses with a population of 3,334 persons owing no less than 1,524 head of horned cattle alone. The extent of gomal assigned to this important village is only 63 acres probably, owing to want of lands as almost all the village achkat is brought under the plough. There is hardly any kharab for pasturage of the cattle and hence the raiyats contribute annually a munificent sum of 4 annas to Government in the shape of hulbanni fees. In these circumstances, and for reasons stated in the case of Hoshote I decide that the raiyats of Hosur be entitled to graze their horned cattle (1,524) wihthin the reserve during the prescribed season on payment of half the prescribed fees. Right of way may be admitted ...	There is no objection to the confirmation of the demarcation line as now laid out within its limits. The kunta known as Thimmannakunta in Survey No 192, to which the cattle of several villages go for drinking water will be demarcated out free from reservation. Access to it will be along the cart-track passing between the common gadi of Hunsekunte and Sonaganahalli villages. C. VENKATA RAO, Forest Settlement Officer. 20th June 1912.	.....
10	Kambish, patel of Upparahalli.	18th June 1912	States that as there is very little of gomal land in his village the cattle are taken for grazing to the lands of Sonaganahalli and Macoepalli, and requests that this right may be admitted.	.....	No documentary evidence is adduced to this effect.	For reasons stated in claim 6, I decide that the raiyats of Upparahalli which is also in the neighbourhood of the reserve, be entitled to graze their horned cattle (637) within the reserve on payment of half the prescribed fees, during the prescribed season. C. VENKATA RAO, Forest Settlement Officer. 20th June 1912.	.....
11	Thimmegowda, patel of Naduvalpalli.	19th June 1912	As prayed for the raiyats of Gondava'palli the lands proposed from this village may be excluded from the reserve.	.....	This is a bechirakh village and only 57 acres, 23 guntas are being cultivated by the raiyats of Gondavalpalli. Out of 514 acres of gomal, kharab, and assessed waste, only 186 acres and 25 guntas have been proposed; and so the prayer of the raiyats cannot be admitted.	This is a bechirakh village and its lands are cultivated by the raiyats of Gondavalpalli. The latter village has contributed no less than 186 acres, 25 guntas out of their own village lands to the reserve and they have no objection thereto, but protest against the inclusion of the Nadulpalli lands within the reserve, as owing to their proximity to Gondavalpalli, they are used as their common pasture grounds. Owing to their proximity to a halla where water is available for cattle to drink, it was urged for my consideration during my perambulation yesterday morning, that they can ill-afford to lose these pasture lands. As their representation appears to be very reasonable I decide that out of this village for being included within the reserve, an extent of 114 acres, 25 guntas comprising survey Nos. 25, 21, 20 and 16 be excluded from the reserve. C. VENKATA RAO, Forest Settlement Officer. 20th June 1912.	Villagers present as well as the Range Officer who states that the four survey numbers in question are plain maidan and are only required for simplifying the demarcation line. This is not a sufficiently good reason. The decision of the Forest Settlement Officer is therefore upheld. P F BOWRING, Deputy Commissioner, Kolar District. 12th August 1913.

14	Thimmegowda, patel of Machenahalli.	Do ...	Requests that right of way to the cart-track leading to Naduvalpalli from Sonaganahalli may be admitted and states that there is no objection to include the proposed lands in the reserve.	.....	*Vide* claim 11. ...	The gomal lands lying in the remote corner of this village have been proposed to be included in the reserve and the villagers have no objection to their inclusion in the forest. I accordingly direct that the demarcation line as now laid out in this village be confirmed. Right of way to the cart-track leading from Sonaganahalli to Naduvalpalli will be admitted for men, cattle and carts throughout the year. (Width 15 feet.) C. VENKATA RAO, Forest Settlement Officer. 20th June 1913.	.....	
15	Ascertained by Forest Settlement Officer.	Do ...	Requests that right of way to the foot-path passing *via* survey No. 47 and leading to Lingadevarahalli may be admitted.	.....	.. ...	Right of way to the foot-path leading to Lingadevarahalli *via* survey Nos. 51, 49, 48 and 47 will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 29th June 1912.	.....	

16	Papegowda, patel of Samasettihalli.	20th June 1912	Begs that as the Preliminary demarcation line runs at the edge of cultivated lands, the same may be shifted farther away.	.....	A margin of 5 chains may be left around the cultivated lands.	After deducting the extent of lands proposed for being included within the reserve, there will be left for the use of the village 241 acres, 12 guntas of gomal and 191 acres, 36 guntas of kharab for the pasturage of 572 head of horned cattle. This is certainly more than enough for this village. I therefore confirm the line as now laid out. As the preliminary demarcation line touches cultivated land (survey No. 136) it will be deviated at the north-west corner of survey No. 48, so as to meet the west side of survey No. 49 at a point about 8 chains north-e st from the north-west corner of survey No. 136, and then made to run south-west so as to meet the west side of survey No. 133 at a point about 8 chains north from the north-west corner of survey No. 140. C. VENKATA RAO, Forest Settlement Officer. 20th June 1912.	.....
17	Do ...	Do ...	Requests that the Gokunta in survey No. 50 may be excluded from the reserve, as his village cattle go there for drinking water, with a right of way to it by means of foot-path branching from the demarcation line at the north-west corner of survey No. 48.	.....	.....	In my perambulation it was represented to me that the Dasappakunta in survey No. 50 which is not shown in the village map has been included in the reserve, and that it may be treated as an enclosure. I accordingly decide that it be demarcated out free from reservation. Access to it will be by a foot-path branching from the demarcation line at the north-west corner of survey No. 48. C. VENKATA RAO, Forest Settlement Officer. 20th June 1912.	.....
18	Do ...	Do ...	Requests that right of way to the cart-track leading to Lingadevarahalli, and to the foot-path leading to Goudavalpalli may be admitted	.....	May be admitted ...	Right of way to the cart-track leading to Lingapura or Lingadevarahalli, and to the foot-path leading to Goudavalpalli will be admitted throughout the year. C VENKATA RAO, Forest Settlement Officer. 20th June 1912.	Claims 2, 6 and 10. The villagers of Hosur, Upparhalli, Yerpothanahalli and the Range Officer present. As the primary object of reserving this land is to prevent the wanton destruction of trees and is for the benefit of the raiyats themselves in the long run, I am of opinion that under the circumstances, they may be allowed the concession rate for their cattle. The decision of the Forest Settlement Officer is upheld. P. F. BOWRING, Deputy Commissioner, Kolar District.

By Order,

D. M. Narasinga Rao,

Officiating Secretary to Government,
General and Revenue Departments.

No. R. 771-4—Ft. 162-14-4, dated 15th July 1915.

No. 10771—5, dated Bangalore, 4th March 1915, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

I have the honor to forward herewith for the orders of Government letter No. 370, dated 14th May 1914, together with its enclosures (in original) from the Forest Settlement Officer received through the Deputy Commissioner, Chitaldrug District, reporting on the conclusion of the settlement of the Kudurekanave Extension II Block in the Hosdurga Taluk and to state that the block in question is to the north-east of the Kudurekanave State Forest which is situated in the south-eastern portion of the taluk. It is partly hilly and partly maidan and covers an area of 4,648 acres 11 guntas or 7.4 square miles consisting of assessed waste, kharab and gomal lands as noted in the margin belonging to nine villages of which three are bechirak.

		A.	G.
Assessed waste	...	77	30
Kharab	...	2,076	30
Gomal	...	2,495	32
Total	...	4,648	11

2. Twenty-two claims were advanced before the Forest Settlement Officer and all, except one, were admitted. No appeals were preferred to the Deputy Commissioner against the decision of the Settlement Officer. Adequate provision having been made in the matter of the grazing and other requirements of the villagers concerned the reservation of the block may be approved and the final notification ordered to be published.

From C. Venkata Rao, Esq., B.A., Forest Settlement Officer in Mysore, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Chitaldrug District.

I have the honor to report on the conclusion of the settlement of the Kudurekanve Extension No. II Block in the Hosdurga Taluk of the Chitaldrug District.

2. The initial notification under Section 4 of the Mysore Forest Regulation, proposing to constitute the area into a State Forest, appeared on pages 34 and 35 of the English issue of the *Mysore Gazette*, Part I, dated the 16th January 1913, and the proclamatory notices under Section 5 of the said Regulation were issued by me and the same published on pages 223, 224 and 225 of the Kannada issue of the *Mysore Gazette*, Part II, dated 20th March 1913.

3. The proclamatory notices were got served on the villagers concerned through the Amildar of the Hosdurga Taluk.

4. The locality was inspected and perambulated by me from the 19th to the 21st August 1913, in company with the Amildar of Hosdurga, and the Range Officer of the Marikanve Range. The tract consists of mere scrub, the predominating species being the kaggli tree. Under rigid conservancy it may in due course, be developed into a valuable fuel preserve.

5. The undermentioned twenty-two claims were preferred to me during the enquiry.

(1) Eight claims to right of way;

(2) One claim to right to water;

(3) Thirteen claims to miscellaneous rights.

All the claims in (1) and (2) were admitted. Of the thirteen claims in (3), twelve were admitted and one rejected.

6. The Deputy Commissioner has intimated in his docket No. 236, dated 6th February 1914, that no appeals have been preferred to him against my settlement decision.

7. The following records are herewith submitted.

(I) 'B' Register.

(II) 'C' Register.

(III) Sketch map.

(IV) Boundary notification.

(V) Topo-Tracing.

8. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

1	Manjegowda, patel of Hothargondanahalli	19th Aug. 1913	States that the preliminary demarcation line may be shifted farther away to the east, to the katte known as Chikkalakkikatte.	.....	As there is sufficient extent for pasturage of cattle, no more area is necessary for the use of the raiyats concerned.	The representation of the raiyats of Hothargondanahalli to exclude more lands for their use must be rejected, as there still remains 141 acres of gomal and 349 acres of kharab for the pasturage of 156 head of horned cattle, and for meeting their other requirements. Right of way to the foot-path leading to Mathod *via* Sangapura and passing through Survey No. 82 will be admitted for men and cattle throughout the year. Width to be six feet. C. 3	Ascertained by the Forest Settlement Officer.	Do ...	Right to water the cattle in the Chikkalakkikatte may be admitted.	.....	.....	The villagers' claim to the right to water for cattle in the Chikkalakkikatte in Survey No. 82 and to the foot-path leading thereto will also be admitted when that katte contains water. C. 4	Siddaramegowda, patel of Kappanaikenahalli.	Do ...	Represents that the cattle of Mathod, Kerehalli and Hothargondanahalli have to pass through Survey No. 84 when they go to his village tank for drinking water and that this right may be respected and the said survey number excluded from the reserve.	.....	There remains for the use of the village 592 acres of kharab and 472 acres of gomal. Survey No. 84 need not therefore be excluded.	In the Kappanaikenahalli village there remains a large extent of gomal lands for the use of the raiyats. Yet they pray that survey No. 84 may be excluded from the reserve. I accordingly direct that the said demarcation line on the west side of Survey No. 86 be shifted farther south by about 15 chains and taken south-east through the said survey number for about 20 chains to meet the Hotte bandhe on the west side of Survey No. 84, situated at a distance of 13 chains south from the south-west corner of Survey No. 97 and then in the same direction through survey No. 84, for about 38 chains to the south-west corner of Survey No. 71 (tank). This modification of the line obviates the necessity of giving the cattle a right of way to the tank, as the foot-path along which the said right has to be exercised will lie in the area excluded by the modification of the line ordered above. 8	Siddaramegowda, patel of Mathod.	19th Aug. 1913	Prays that as his village is a big one, survey Nos. 168, 169, 170 and 175 may be excluded from the reserve.	.....	There still remains for the grazing of the cattle 590 acres, 4 guntas of gomal which is double the area required for them.	The Mathod village has to contribute 950 acres of kharab and 130 acres of gomal. Deducting this area, there will remain for the communal purposes of the villagers 470 acres of kharab and 590 acres of gomal. No doubt this large area of pasturage is apparently more than enough for the live-stock of the village consisting of 539 head of horned cattle, in addition to sheep and goats. The biggest gomal land assigned to the village during the survey settlement is Survey No. 171, measuring 481 acres. This is a long narrow strip consisting of one range of steep hills, situated at one end of the village, and is therefore not of much avail to the raiyats. During my perambulation, they represented to me	.....

						that some of the small kharab survey Nos close to their cultivated lands to which their cattle are taken for grazing may be excluded; and this representation deserves favourable consideration. I accordingly direct that Survey Nos. 168 and 169 be detached as the aggregate, he ever said all together from the reserve and the preliminary demarcation line modified accordingly. It will therefore be shifted further south by 15 chains on the east side of Survey No 171 and taken southwards along the said side for about 80 chains, then west on the hill by about 11 chains through Survey No 171 so as to meet the south-west corner of Survey No 169 and then along the south side of the latter survey number to its south-west corner. If the gomal area as found insufficient, the kharab lands in the village may be converted into gomal and given away for the purpose. Amarkaigudda a portion of Survey No. 124 may be retained for the forest.	Kanchipur has, according to the proposal of the Forest Department, to contribute to the reserve no less than 888 acres of kharab and 506 acres of gomal, retaining for its use 180 acres of kharab and 364 acres of gomal. This is one of the most populous villages affected by the reserve in question and contains no addition to large herds of goats and sheep, as many as 851 head of horned cattle. The ryots have brought under cultivation all the assessed lands shown in the abarbard, leaving nothing for intending disriakatdars. It is therefore necessary to exclude from the proposed extent a portion for expansion of cultivation. As the area of gomal remaining for the pasturage of cattle, viz., 364 acres, is, for various advanced in the preamble to this decision, quite inadequate for even 851 head of horned cattle the village can ill-afford to be deprived of so many as 180 acres of its gomal	...

In these circumstances, I would exclude from the reserve 99 acres of gomal out of Survey No. 124 and a portion of Survey No. 120, so that the Amarkalgudda on which the raiyats depend for fuel and materials for agricultural implements may be left for them. The preliminary demarcation line will on leaving the point in Survey No. 9 of Balenahalli be taken east for 4 chains to the south-west corner of Survey No. 8 of the said village, then south-east along the southern boundary of the said village, leaving a margin of 5 chains near cultivated Survey No. 4, to the south-east corner of Survey No. 2 of the said village, then along the west sides of Survey Nos. 123 and 124 of Kanchipur to the south-west corner of the latter survey number, then south through Survey No. 120 to its south-west corner, and then along its south side to the south-west corner of Survey No. 119. A margin of 5 chains may be left at the edge of cultivation.	Balenahalli is a becharak village. As the preliminary demarcation line touches the edge of cultivation, it has to be shifted so as to leave a margin of 5 chains. I accordingly direct that it be shifted westwards on the north side of Survey No 9 by about 5 chains and taken south east through Survey No 9 for about 20 chains so as to meet the west side of Survey No. 10 at a point about 9 chains north from its south west corner, then south-west for about 11 chains through Survey No. 9 to a point about 5 chains west from the north-west corner of Survey No. 8, then south for about 24 chains through Survey No. 9 to meet its south side at the botte bandhs situated at a distance of 4 chains west from the south-west corner of Survey No. 8. 11	Dasappa, patel of Mugalode	Do ...	Represents that all the occupied lands are proposed to be treated as enclosures in the forest and that if the proposal is confirmed, the occupants thereof will be put to much difficulty in cultivating them.	.....	As this is a becharak village no concession need be shown except the shifting of the demarcation line to a distance of 5 chains.	Mugalode is a becharak village. Survey Nos. 2, 6, 8, 10, 12, 16, 17, 18, 19 and 21 being already under cultivation, they will be demarcated out free from reservation with a margin of 5 chains wherever possible. It is in evidence that dharkhasts have been made for Survey Nos. 1 and 20. The latter survey number being well stocked with date trees there is no scope for the growth of other species. I would therefore leave it to be conserved under the supervision of the Excise Department or given away for cultivation if that Department has no objection.	..
12	Subbabhatta, resident of Mathod.	19th Aug. 1913. This survey number is studded with innumerable date trees most of which are fit for tapping and there is also a luxuriant forest growth over the area. This may therefore be included in the reserve.	As the former survey number is situated between cultivated lands on three sides, I would have it also demarcated out free from reservation. I accordingly direct that these two survey numbers be treated as enclosures in the block. C. VENKATA RAO, Forest Settlement Officer. 22nd August 1913.	...

17	Chennaveeragowda, patel of Naganaikankattle.	20th Aug. 1913	Prays that the preliminary demarcation line may be shifted farther from the edge of cultivation, so as to exclude more lands for the benefits of the raiyats.	.....	There are 248 acres of gomal for 91 head of cattle, and hence no concession need be given.	As there still remains an extent of 248 acres of gomal and 134 acres of kharab for the pasturage of 91 head of horned cattle and for meeting other requirements of the raiyats of Naganaikankattle, their case calls for no consideration. As the preliminary demarcation line runs along side of some of the cultivated lands of the village, I direct that it be shifted from the north-west corner of Survey No. 34 to a point on the north side of Survey No 27 by about 9 chains west and taken south through the said survey number for about 34 chains to a point about 5 chains west from the south-west corner of Survey No 29, then south-east through Survey No 27 for about 30 chains to the south-west corner of Survey No. 28, then east for about 11 chains through the said Survey No. 27 to a point about 5 chains south from the south-east corner of Survey No. 26, and then north-east through the same survey number for about 10 chains to meet the hotte bandh on the south side of Survey No. 21, located at a distance of about 9 chains east from the south-west corner of the said survey number C. 20	Thirumalaiya, patel of Dodbyaladakere.	Do ...	Represents that the preliminary demarcation line may be shifted farther away from cultivated lands, that all the three gomal and kharab lands of his village are proposed for inclusion in the forest, that if the proposal is confirmed the raiyats will be deprived of fuel and agricultural implements as also pasturage for their cattle, and prays therefore that either all the gomal lands may be excluded from the reserve, or the raiyats given the concession of free grazing and of obtaining materials for agricultural implements according to a fixed scale,	.....	There are 227 head of horned cattle with an area of 570 acres of kharab which may be converted into gomal and given away to the raiyats As the gomal survey numbers contain no wood fit for agricultural implements and there is very little forest growth over the area, no concession need be shown.	Dodbyaladakere has to contribute to the reserve the entire area of its gomal land of 1,621 acres and an extent of 379 acres of kharab. The villagers pray that either all the gomal lands may be excluded from the reserve, or they may be given the concession of grazing their cattle free in the reserve and of obtaining fuel and wood for agricultural implements. Their first prayer is very extravagent, considering the fact that in addition to sheep and goats they own only 227 head of horned cattle. The village contains 65 houses with a population of 326 souls. As the jungle in the locality is a mere scrub	.....	

		and fuel at about 12 cart loads for each family per annum.			I am not in favour of granting their alternative prayer, as such a concession in the case will be incompatable with the conservancy of the tract. Besides, considering the fact that the village is situated in the midst of hills, it is very likely that the supervision of the forest staff will be slack. The Range Officer suggests that the area of kharab lands still left for the village may be converted into gomal and given to the use of the raiyats. These kharab lands consist of small survey numbers scattered over the village and situated far away from the dwelling houses. Besides, he himself admits that in the gomal lands proposed to be included in the reserve, there is very little of forest growth. While the advantage to be gained by the Forest Department by the inclusion of the gomal area in the reserve is only nominal, it seems inequitable to deprive the villagers of their entire gomal and assign to them in lieu, certain kharab survey numbers situated far away from their village. During my inspection, I found the hollow portion in Survey No. 59 (gomal) between two ranges of hills quite suitable for pasturage purposes and other requirements of the raiyats concerned. I would therefore leave this survey number for their undisturbed enjoyment. I accordingly direct that the preliminary demarcation line be deviated at the south east corner of Survey No. 79 and made to run through Survey No. 60 for about 25 chains so as to meet a ridge there; and then south-east and south through Survey Nos. 60 and 59 on the ridge of the long range of hills so as to meet the south west corner of Survey No. 59. As this portion of gomal land jets between the remaining 2 gomal survey numbers and kharab Survey No. 38, the modification of the boundary line as ordered above cannot but exclude the last mentioned survey number.

No. R. 689-92—Ft. 146-14-4, dated 14th July 1915.

Letter No. 6519, dated 4th December 1914, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

I have the honor to forward herewith for the orders of Government letter No. 139, dated 4th November 1913, together with its enclosures (in original) from the Forest Settlement Officer in Mysore, received through the Deputy Commissioner, Bangalore District, with his Memo No. R. C. 711, dated 14th March 1914, reporting on the conclusion of the settlement of the Ramadevarabetta Block in the Kankanhalli Taluk and to state as follows:—

1. Gattiganda.
2. Kolgondanahalli.
3. Hunsanahalli
4. Thattikere.
5. Bammmakodlu.
6. Iralpodu.
7. Guddeviranahosahalli.
8. Salbanni.
9. Hosdurga.
10. Yerasagere.
11. Bomsandra.
12. Bijhalli.

1. The block in question is situated in the south-eastern portion of the taluk and extends from the State Forest of Bilikal in the north to that of Muggur in the south. It is partly hilly and partly plain and consists of kharab and gomal lands belonging to the marginally noted twelve villages. The tract which is covered by jungle trees occupies an area of 4,711 acres, 29 guntas or 7·36 square miles.

2. Thirty-five claims were preferred before the Forest Settlement Officer of which ten related to rights of way and the remaining twenty-five to miscellaneous matters; and all but one were admitted.

3. No appeals were preferred to the Deputy Commissioner against the decision of the Forest Settlement Officer.

4. All the assessed lands have been taken up for cultivation and there is demand for more. To meet it, the Forest Settlement Officer has made adequate provision. Nor has he lost sight of the requirements of the villagers in the matter of free pasturage. The settlement of the block may therefore be approved and the final notification issued.

Letter No. 139, dated Bangalore, 31st October—4th November 1913, from C. Venkata Rao, Esq., B.A., Forest Settlement Officer in Mysore, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Bangalore District.

I have the honor to report on the conclusion of the settlement of the Ramadevarbetta Block in the Kankanhalli Taluk of the Bangalore District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 9, 10, 11 of the English issue of the *Mysore Gazette*, Part I, dated 6th January 1910, and the proclamation under Section 5 of the said Regulation was published on pages 102 to 105 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 17th February 1910.

3. The proclamatory notices were got served on the villagers concerned through the Amildar of the Kankanhalli Taluk.

4. The block was inspected and perambulated by me in company with the Amildar and the Range Officer on the 1st, 2nd and 3rd November 1912. Owing to its situation in the midst of a series of hills well clad with forests, the locality is fertile and is favoured by seasonal rainfall. The result is that all the assessed lands have been brought under cultivation. The climate also being favourable, the population which is entirely agricultural, is increasing. Thus, there being a demand for agricultural lands, arable lands included in kharab and gomal are being darkhasted for by the raiyats, year after year, since the survey settlement. The raiyats having taken to cattle-breeding as an auxiliary occupation, there are several small herds of horned cattle of the best species in every village affected by the proposed reserve. For the past two years, the agricultural expansion has been restricted owing to darkhasts being rejected by the Taluk authorities as the lands applied for having been included within the preliminary demarcation of the said reserve. The Taluk Amildar submitted a list of darkhasts for an aggregate extent of 4,126 acres in the villages affected, awaiting consideration pending the forest settlement. As I was satisfied that the demand for lands is real, and the plots of land sought for by the raiyats contain trees mostly of the fuel species, I found it necessary to exclude from the proposed reserve all arable lands, as such an exclusion would, in no way prove prejudicial to the interests of the Forest Department.

5. The undermentioned thirty-five claims were preferred to me during the enquiry.

(i) Ten claims to right of way.

and (ii) Twenty-five claims to miscellaneous rights.

No. R. 689-92—Ft. 146-14-4, dated 14th July 1915

All the claims in (i) were admitted.

Of the twenty-five claims in (ii) twenty-four were admitted, and one rejected.

6. The Deputy Commissioner has intimated in his docket No. R. 3517, dated 8th May 1913, that no appeals have been preferred to him against my decision.

7. The following records are herewith submitted:—

(1) 'B' Register.
(2) 'C' do
(3) Sketch map.
(4) Boundary notification.
and (5) Topo-tracing.

8. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

1	Siddiah, patel of Bijjahalli.	1st Nov. 1912	Represents that the line may be shifted farther away from the edge of cultivation, that he has applied for, for cultivation, a plot of ground to the south of the Kadinakerehalla measuring about 100 acres in survey No. 28 and another plot close to it measuring about 60 acres and that a pond known as Chowdegowda's wall in Survey No. 29 may be excluded from the reserve.	.....	The line may be shifted to a distance of 5 chains from the edge of cultivation. The date of these applications for these lands may be verified from the accounts in the Taluk Office to find out whether it was done in real need or to prevent reservation. May be treated as an enclosure.	*Claims 1 and 2.* It is proposed to take for the reserve from the Bijjahalli village, 252 acres of kharab, leaving to the villagers 57 acres of kharab and 427 acres of gomal for the pasturage of 784 head of horned cattle and for meeting other communal purposes. About 500 acres of pasture lands are necessary for the village cattle. In addition to this, provision has to be made for agricultural expansion, as already darkhasts for about 160 acres out of Survey No. 28 proposed for the reserve has been received in the Taluk Office. As contended by the Range Officer, some of the darkhasts might have been made recently with a view to raise a hue and cry against forest reservation. But there is no assessed waste land available for being applied for by the raiyat. It is therefore of supreme necessity that some lands must be excluded from the reserve for being given over to landless residents in the village. The plots of ground to the north and south of Kadinakere halla being fit for cultivation, I would exclude them from the reserve I accordingly direct that the demarcation line be deviated at a point about 15 chains west from the north-east corner of Survey No. 28 and made to run *sou'-west* in a straight line for about 60 chains meeting the south side of the aforesaid survey number at a point about 46 chains west from the south-east corner thereof. By this arrangement about 215 acres will be excluded from the proposed area. Owing to the alteration of the Forest boundary, the pond known as Chowdegowda's pond and Survey Nos. 29 and 30 which are claimed as patta lands will be excluded from the reserve. C. 3	Siddish, patel of Bijjahalli.	Do ...	Claims right of way over the following path-ways (1) cart-track leading from Bijjahalli to Gattigunda, (2) foot-path leading to Gattigunda *vis* Survey Nos. 54, 53 and 52 treated as enclosure.	.....	.....	Right of way to the cart-track leading to Gattigunda will be admitted for men, cattle and carts throughout the year, (width to be 15 feet) and that to the foot-path leading to Gattigunda *vis*., Survey Nos. 34, 53 and 52 will also be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 4th November 1912.	.....	
4	Siddaiya, patel of Bommasandra.	Do ...	Prays that sufficient extent of gomal land in Survey No. 19 as far as Chikgerkal may be excluded for the grazing of the cattle, as also a plot of ground of 125 acres in Survey No. 19 to the east of the proposed line, which has been applied for, for cultivation.	.....	There still remains after reservation an extent of 311 acres of kharab and gomal which is quite sufficient. This may be verified from the accounts of the Taluk Office.	Bommasandra has to contribute 351 acres of gomal and 312 acres of kharab. There will then remain 221 acres of kharab and 89 acres of gomal for the use of the raiyats concerned. This extent is no doubt insufficient for the pasturage of horned cattle which number no less than 546. about 125 acres of land has been applied for, for cultivation purposes. For reasons already stated a large extent has to be muleted out of the proposed area. I accordingly direct that the demarcation line which according to the alterations made in the Bijjahalli village meets the northern boundary of Survey No. 19 of Bommasandra at a point about 48 chains west from the north-east corner thereof, be continued in a straight line through the said survey number in a south-easterly direction for about 49 chains meeting the halla which forms the eastern boundary of the said survey number, then along the said halla to its south-east corner, then along its south side for about 45 chains, and then south through Survey No. 30 for about 54 chains meeting its south side at a point about 40 chains east from the south-east corner of Survey No. 31.	.....	

						By this arrangement 302 acres of gomal, out of which some lands have already been applied for, for cultivation will be excluded from the reserve. C. VENKATA RAO, Forest Settlement Officer. 4th November 1912.
5	Do ...	Do ...	Requests that the right of quarrying in Dodgerkal and Chikgerkal guddas in Bommasandra may be admitted as usual.	.....	It may be kindly ascertained from the Amildar, whether or not they had the right of quarrying in the said locality.	The hillocks of Dodgerkal and Chikgerkal in respect of which the right to quarry has been claimed will be excluded by the modified boundary. C. C VENKATA RAO, Forest Settlement Officer 4th November 1912.
7	Thottada Siddiah, patel of Yerangere.	Do ...	States that the preliminary demarcation line runs close to the cultivated lands and that it may be shifted to the bank of the Hunsanhalla.	.....	May be shifted to a distance of 5 chains.	It is proposed to have 180 acres of gomal out of Yerangere village included in the reserve, leaving 31 acres of gomal and 519 acres of kharab for the communal use of the raiyats who own at present 389 head of horned cattle in addition to sheep and goats. The soil in the plot of ground adjoining the preliminary demarcation line being suited for cultivation, about 50 acres out of Survey No. 27 (gomal) has been applied for, by the raiyats who now urge that the forest boundary may be shifted to the Hunsanhalla. I would accordingly exclude the lands from the reserve as far as the said halla. I accordingly direct that the demarcation line be shifted to a point on the north side of Survey No. 27, about 40 chains east from its present position and made to run southwards through the said survey number for about 29 chains meeting the south side thereof at a point about 20 chains east from the south-east corner of Survey No. 28. By this alteration of the forest boundary, 103 acres will be excluded from the reserve. C. VENKATA RAO, Forest Settlement Officer 4th November 1912.

9	Chowdagowda, patel of Gattigunda.	Do ...	Represents that the lands which have been applied for, for cultivation may be excluded from the reserve.	.....	It seems that these darkhasts were sent to the Taluk Office a few days prior to the settlement.	It is proposed to include in the reserve 1,006 acres of kharab and 349 acres of gomal leaving for the communal purposes of the raiyats 2,429 acres of kharab and 66 acres of gomal. The village has a large stock of horned cattle numbering about 1,055, and it is therefore necessary to exclude some lands for grazing. In Survey No. 58 darkhasts for the grant of about 69 acres have been received by the Amildar while some sub-divisions have already been made in the same survey number. In Survey Nos. 49 and 57 also there is land fit for cultivation; and it is ascertained that darkhasts for about 300 acres have been received. Having regard to the requirements of the villagers in the matter of expansion of cultivation and grazing I would exclude the gomal Survey No. 58 altogether as also portion of Survey No. 57 adjoining it. I accordingly direct that the forest boundary be shifted to the right bank of the Seethankottie halla and be made to run north along the said halla until it crosses the east side of Survey No. 57 at a point about 17 chains west from the south-west corner of Survey No 80; then north along the east side of Survey No. 57 to its north-east corner, then west along the demarcation line of the Bilikal State Forest to the north-west	.....

15	Chowdegowda, patel of Kolgondahalli.	3rd Nov 1912.	Represents that about 200 acres out of the proposed area in the Kolagondahalli village may be excluded for the raiyats, intending to take up the same for cultivation.	.....	These applications for lands for cultivation were sent to the Taluk Office a few days prior to the settlement to advance their claim	Only a small bit has been proposed to be taken from the village of Kolagondahalli. I confirm the line as now laid out admitting the villagers' claim to the right of way to the foot-path leading to Gattigunda. C. VENKATA RAO, Forest Settlement Officer. 4th November 1912.

17	Raghavendriah, Dharmadarsi of Ramadevaru temple, and Shanbhog.	Do ...	Represents that the puja on the Ramadevaru hill is held twice a day, that devotees visit the place very often, that a jatra is held on the top of the hill, that on certain nights the God is taken in procession when the raiyats of the adjoining villages will be present, and that tiled sheds have been built by different classes of people to give feed during jatra time. Requests therefore that the whole of the Ramadevaru hill may be excluded from the reserve, as far as Doddavaddu and Kole Arehal and as far as Survey No. 47 on west.	.....	As the small temple is situated on an isolated rock with precipitous slopes on all sides except the ascending portion and without any tree growth, the temple may be treated as an enclosure with the tiled buildings, leaving an acre in front of each.	(17 & 18) Hosdurga is the biggest village in the neighbourhood of the reserve, having as many as 5 detached hamlets According to the proposal it has to contribute no less than 1,383 acres of kharab lands and 447 acres of gomal, retaining 531 acres of kharab and 351 acres of gomal for the pasturage of as many as 1,161 head of bo:ed cattle alone and for other requirements of the villagers The area of gomal remaining for the village is quite insufficient. I would fix about 1,000 acres for the pasturage of the village cattle. As it is reported that darkhasts for about 525 acres out of the lands proposed to be included in the reserve, have been received, it is very necessary to make provision for meeting this pressing demand. Besides, the famous temple of Ramadevaru situated on the hill of that name in Survey No. 48 is being resorted to by pilgrims from all sides, It is in evidence that worship is being conducted there twice a day and the diety is taken in procession on several occasions at nights when the raiyats of the adjoining villages congregate there. There is also a big jatra held when there will be a large concourse of people; and several cooking houses for the various communities are built for giving feed There is no doubt that most of the fuel species of trees on the hill would be used on those occasions.	
18	Chinnamaregowda, patel of Hosdurga.	Do ...	States that as requested by the Dharmadarsi, the whole hill of Ramadevarbetta may be excluded, that several darkhasts have been made for the lands in the gomal and kharab area, that there are 5 hamlets attached to this village, and that many raiyats have no kandayam lands and prays therefore that sufficient extent of lands for cultivation may be excluded for the benefit of the raiyats.	...		It would prove a great hardship to the devotees if restriction be placed on the exercise of this right by treating the hill as a portion of the forest On the rear slope of the hill the land being fit for cultivation, darkhasts for about 250 acres have been received. Taking all these circumstances into consideration, it is but fair to exclude the entire Survey No. 48, and a portion of Survey No. 50 to the extent of 58 acres well suited for cultivation in addition to a portion of gomal Survey No. 51 measuring about 153 acres from the reserve I accordingly direct that the preliminary demarcation line which on account of alterations made in the adjoining village of Yeranagere touches the north side of Survey No. 48 of Hosdurga be made to run for 20 chains west along that side to the north east corner of Survey No 21 of	...

20	Chennabasiah, patel of Bilidale.	Do ...	Represents that some lands have already been taken for the adjoining Manjunath State Forest and that the raiyats can ill afford to spare 44 acres of land in Survey No. 32 now proposed, as it would trench upon the gomal of the village.	.....	The village will have 605 acres of kharab and 50 acres of gomal for 936 head of cattle.	As more than three-fourths of the kharab and gomal area, viz., 1,823 acres of the Bilidale village was added to the adjoining Manjanath State Forest which was settled by me about 2 years ago, I would not intrench upon the pasture lands remaining for the raiyats concerned I therefore direct that the extent of lands proposed for the reserve in question be excluded altogether. C. VENKATA RAO, Forest Settlement Officer. 4th November 1912.		

21	Kempegowda, patel of Guddeveeranhosahalli.	3rd Nov. 1912	States that Survey No. 15 has been darkhasted for and that there would be no gomal left for the village and hence prays that Survey No 23 may be entirely excluded from the reserve.	.....	No lands from gomal area has been proposed to be included in the reserve and hence 432 acres of gomal is quite ample for the live-stock of 380 head of cattle.	As there is demand for lands for cultivation purposes I would exclude about 95 acres from the proposed area I therefore direct that the preliminary demarcation line be shifted south by about 20 chains and taken through Survey No. 33 in a north-westerly direction for about 104 chains meeting the common gadi bandhs of Almatha, Kempalnatha and Guddeveeranhosahalli. 24	Kempiah, patel of Hunsanhalli.	Do ...	States that as the preliminary demarcation line touches the edge of cultivation it may be shifted to a distance, and that the well in Survey No. 105 in the holding of Ranganatha Rao may be excluded from the reserve, and that a darkhast for 100 acres in Survey No. 104 has been made to the Taluk Cutcherry.	...	May be shifted to a distance of 7 chains. May be treated as an enclosure.	Hunsanhalli village has to contribute 219 acres of kharab for the forest in question 569 acres have already been taken from this village for the adjoining Muthjanati State Forest. Out of Survey No 104 some new sub-divisions have been formed on the application of the ryots. The demarcation line has to be shifted further away as it touches some occupied lands For these reasons I direct that 140 acres be excluded from the proposed area I accordingly direct that the demarcation line be deviated and made to run westwards along the south side of Survey No. 104, then north-west and north for 27 chains along the Hosdurga gadi and then north-east through Survey No 104 for about 16 chains meeting the halla, and then along the said halla till it meets the Bilidale boundary. 26	Dodramiah, patel of Tattekere.	Do ...	States that the preliminary demarcation line may be shifted farther away from the edge of cultivation, that the lands applied for in Survey Nos. 64 and 80 may be excluded, as also cultivated Survey Nos. 92, 93 and 94 and gomal lands as far as Marasabeerankere.	...	May be shifted to a distance of 5 chains. These darkhasts have been made to the Taluk Cutcherry a few days prior to the settlement. There is a vast extent of land left for cultivation in Survey Nos 59 and 80.	It is proposed to take from the Tattekere village, 762 acres of gomal for the reserve, leaving 166 acres of gomal and 269 acres of kharab for communal purposes. The villagers at present own 513 head of horned cattle and the extent of gomal left for them is quite inadequate. Besides half of Survey No. 64 being fit for cultivation, the raiyats are eager to obtain the same under the darkhast rules. It is reported that already 445 acres out of this village have been applied for by the raiyats. Taking all these circumstances into consideration, I decide that the preliminary demarcation line touching the south side of Survey No 64 be shifted westwards by 5 chains and made to run through Survey No 61, north-west for about 11 chains to a point about 14 chains west from the western-most corner of Survey No 13 then north-east for 58 chains to a point about 7 chains east from the northernmost corner bandhs of Survey No 61, then south-east through Survey No 59 to meet the halla in the same survey number then east for 50 chains to the south-west corner of Survey No 80, and then north-east through the said survey number for 25 chains till it meets the halla at the hotte land on the northern boundary of the village. 28	Mottegowda, ag patel of Soibanni.	3rd Nov 1912	Represents that lands as far as the halla known as 'Gattamaradahallahalli' were under cultivation prior to the survey settlement and that as there is no assessed waste land available for being taken up for cultivation, the said lands may be excluded from the reserve	If there were any real need for more lands for cultivation the locality referred to would never have been allowed to remain fallow for the past fifteen years	The Soibanni village has to contribute 282 acres of kharab and 282 acres of gomal, retaining for its use 126 acres of kharab and 71 acres of gomal which is quite sufficient for pasturage and other requirements besides provision has to be made for extension of cultivation as darkhasts for about 85 acres out of the proposed lands are pending with the Amildar The lands to the east of the proposed line as far as the halla were under cultivation prior to the survey settlement and the ryots are willing to take them for cultivation. In these circumstances I direct that the preliminary demarcation line be deviated and made to run along the halla for 44 chains to a point where a small halla joins it then south-west for 32 chains then south west for 6 chains and then in the same direction in a straight line for 11 chains meeting the west side of Survey No 18 at the hatte bundhs C VENKATA RAO, Forest Settlement Officer 8th November 1912
29	Do ...	3rd Nov 1912	States that in Survey No 18 there is a temple known as Doddarayaswami, and prays that this may be demarcated out free from reservation	May be treated as an enclosure	Owing to the alteration of the boundary line, the temple of Doddarayaswami will fall outside the forest line C VENKATA RAO Forest Settlement Officer 4th November 1912
30	Do ...	3rd Nov. 1912	Requests that right of way to Rastalemaduvu in Survey No 16 of Soibanni, and to the foot path to Thattekere and to Kempagowdankatte in Survey No 33 of the former village may be admitted	May be admitted	The villagers right to take their cattle to Rastalemaduvu in Survey No 16 will be admitted, as also that relating to the foot-path leading to Thattekere Kempegowdan katte falls outside the settled line C VENKATA RAO, Forest Settlement Officer 4th November 1912

21	Huliagowda, patel of Iralpodu	.....	Represents that the hill known as Chappalkal gudde and the lands to the east of halla known as Mavinmaradahalla which have been applied for, for cultivation may be excluded from the reserve.	.....	There still remains 417 acres of gomal for 605 head of cattle and hence the patel's prayer is unreasonable.	On almost two sides of the Iralpodu village there is the Muggur State Forest boundary and on the remaining sides the demarcation line of the proposed reserve runs, thus hemming in the village between two forests. Moreover, the line divides one of the fields under occupation into two. This has to be shifted farther away. The lands to the east of the village being culturable, have already been applied for, and the same have to be excluded from the reserve. For these reasons, I direct that the demarcation line be made to run from the common bandhs of Almatha, and Guddeveeranhosahalli along the latter village boundary for about 50 chains, then south west through Survey No. 32 for about 35 chains to a point about 7 chains south-east from the south-east corner of new Survey No. 54 then south for about 14 chains and then south-east for about 35 chains till it meets the Bannimakodlu cadi at a point about 38 chains south west from the easternmost corner of the Iralpodu village. By this arrangement 110 acres will be excluded from the proposed area. C. VENKATA RAO, Forest Settlement Officer. 4th November 1912.	.....

	Dyavish, patel of Banumakodlu.	3rd Nov. 1912	Begs that a large area out of Survey Nos. 77 and 137 may be excluded, as already some darkhasts have been made to the taluk which are pending consideration owing to the Forest Settlement.	...	...	No doubt, there still remains a very large extent of lands in the Banumakodlu village, for the use of the ryots. But as these are separated by a big halla and as the preliminary demarcation line runs touching the cultivated lands on one side of the village, I would exclude some lands adjoining cultivated area for which darkhasts have been received. I accordingly direct that the demarcation line be taken from the point where it meets the common gadi of Iralpodu and Banumakodlu and south along the boundary of the latter village up to the common bandhs of the Muggur State Forest, Iralpodu and Banumakodlu, then north-east and south along the demarcation line of the Muggur State forest as far as the halla, then along the said halla for 31 chains to the junction with a small halla, then north along the latter halla, up to the cart track leading to Kodihalli, then north for 43 chains through Survey Nos. 137 and 77 to a point about 5 chains north-west from the north-west corner of survey No. 175, then north-east for 15 chains till it meets a halla and then north-east for 10 chains till it meets the Thattikeregadi at a point about 5 chains north-west from the north-west corner of Survey No. 13. By this arrangement about 215 acres will be excluded from the reserve. C. VENKATA RAO, Forest Settlement Officer 4th November 1912.	.....

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Notification No. R. 1424—Ft. 29-08-4, dated the 2nd September 1908, declaring, under Section 4 of the Forest Regulation, the proposal to constitute the Katwal block of lands in the Heggaddevankote Taluk, as State Forest and appointing a Forest Settlement Officer to conduct the enquiries, etc.

2. Letter No. 1676*, dated the 9th August 1913, from the Revenue Commissioner in Mysore, submitting letter No. 304*, dated the 31st March 1913, from the Forest Settlement Officer reporting on the conclusion of the settlement of the block.

*Printed as accompaniments with enclosures, B and C Registers.

3. Correspondence ending with letter No. 8, dated the 1st July 1914, from the Deputy Commissioner, Mysore District, reporting, with reference to the second appeal to Government from the raiyats of the Inam villages of Kittur, Bidarhalli and Uyamballi in the Heggaddevankote Taluk, the circumstances under which the concession granted by the Forest Settlement Officer to the petitioners to graze their cattle in the reserve on payment of only half the prescribed fees, has been disallowed by him as no forest concessions can be extended to the raiyats of Inam villages as a matter of right contrary to Government Order No. R. 6546-55—Ft. 188-08-15, dated the 10th May 1912.

4. Letter No. 12317, dated the 1st June 1915, from the Conservator of Forests, stating that he is agreeable to the settlement effected by the Forest Settlement Officer and to the decision of the Deputy Commissioner passed on the appeal of the raiyats of the Inam villages referred to above.

Order No. R. 737-40—Ft. 40-13-7, dated 15th July 1915.

Government see no reason to interfere with the decision of the Deputy Commissioner in respect of the appeal from the raiyats of the Inam villages of Kittur, Bidarhalli and Uyamballi and their second appeal to Government is accordingly rejected.

2. The settlement of the block as effected by the Forest Settlement Officer and as modified by the Deputy Commissioner is approved. The notification under Section 17 of the Forest Regulation declaring the block as State Forest with effect from the 1st August 1915, will be published in the Gazette.

3. The Deputy Commissioner, Mysore District, is requested to duly promulgate the boundary of the forest in the localities in which it is situated.

NOTIFICATION.

No. R. 741—Ft. 40-13-8, dated 15th July 1915.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from the 1st August 1915, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof :—

SCHEDULE.

District	Taluk, hobli and village	Approximate area	Name of block
Mysore	Heggaddevankote Taluk Kandalike hobli— 1. Hurlapura 2. Singapatna 3. Katwal 4. Nemmanahalli 5. Bankavadi Antarsante hobli— 6. Kenchanahalli 7. Karvadi 8. Kalasur	10·2 sq. miles	Katwal

Situation.—The tract is situated to the east of Begur and north of Ainur Marigudi forests, extending north and south on the bank of Waddalihalla and about 9 miles south-west of Sargur Town, through which run the Hunsur-Begur road.

BOUNDARIES.

North.—Starting from the south-west corner of Survey No. 31 of Singapatna on the right bank of Waddalihalla, the line runs south-east along the south side of the said survey number for 46 chains to its south-east corner; then south for 50 chains along the east side of Survey No. 32 of Singapatna to its south-east corner; then south along the common boundary of Karvadi and Kittur for about 19 chains; then east along the southern boundary of the latter village for 64 chains to the quadri-junction bandhs of Kittur, Karwadi, Sagari and Katwal villages; then south-east along the southern boundary of Survey No. 389 of Sagari Survey Inam village for about 100 chains till it meets the west side of Survey No. 6 of Katwal at a point about 22 chains south-west from its northernmost corner, that is, to the south-east corner of the said Survey No. 389.

East.—Then south-west along the west side of Survey No. 6 of Katwal for 85 chains to its south-west corner; then south-west through Survey No. 6 of Nemmanahalli for about 75 chains to its south-west corner; then south-east for about 163 chains through Survey Nos. 38, 36 and 35 of Bankavadi to the northernmost corner of Survey No. 34 of the same village; then south-west along the east side of the said survey number for about 75 chains to the hotte bandhs located at the easternmost bend of the same survey number.

South.—Thence west along the demarcation line of the Ainur Marigudi State Forest for about 115 chains to the westernmost corner of Survey No. 35 of Bankawadi.

West.—Thence north-west along the demarcation line of the Ainur Marigudi State Forest for about 52 chains to the right bank of Waddalihalla which forms the boundary of the Begur State Forest; then north-east, north-west, north, north-west and north-east, along the right bank of the said Waddalihalla to the south-east corner of the Kenchanahalli village; then along the demarcation line of the Begur State Forest for about 101 chains to the south-east corner of Jakankote village; then north-east along the eastern boundary of the said Jakankote village for about 91 chains to a point on the left bank of the Waddalihalla, which is also the north-west corner of Survey No. 1 of Kenchanahalli; then across the said halla to its right bank and then along the said right bank to the starting point.

Remarks.—A. The following public rights of way are admitted within the block throughout the year.

I. Cart-track from Magge to Bankawadi open for men, cattle and carts. It enters the forest in its western boundary at a point about 34 chains north from the south-east corner of the Jakankote village, runs south-east through Survey Nos. 1, 2 and 3 of Kenchanahalli for 103 chains and quits the forest in the western boundary at a point about 20 chains north-west from the south-east corner of Survey No. 3, then again it enters the forest in its western boundary at a point on the right bank of Waddalihalla about 15 chains south

from the south-east corner of Survey No. 3 of Kenchanahalli, runs south-east through Survey Nos. 2, 3 and 4 of Hurlipur and Survey No. 38 of Bankawadi for about 125 chains and quits the forest in its eastern boundary at a point about 19 chains south-east from the south-west corner of Survey No. 6 of Nemmanhalli.

II. Foot-path from Kenchanahalli to Kittur, 6 feet wide and about 35 chains long, open for men and cattle. It branches from the above cart-track at a point about 1 chain south from the southernmost corner of Survey No. 2 of Kenchanahalli, runs north-east through Survey Nos. 3 and 1 of the same village and Survey No. 1 of Kalasur and Survey No. 26 of Katwal and joins cart-track No. III *infra*, and again it branches therefrom at a point about 6 chains south-east from the north-east corner of Survey No. 1 of Kalasur runs north for 13 chains through Survey No. 27 of Katwal and Survey No. 1 of Karwadi and enters the enclosure, *viz.*, Karwadi tank in the Karwadi village.

III. Cart-track from Kittur to Bankawadi 15 feet wide and 240 chains long open for men, cattle and carts. It enters the forest in its northern boundary at a point about 2 chains west from the south-east corner of the Kittur village, runs south-west and south-east and south through Survey No. 1 of Karwadi, Survey Nos. 27, 26 and 25 of Katwal and Survey No. 3 of Hurlipur and joins cart-track No. 1 *supra* at a point about 20 chains south-west from the south-west corner of Survey No. 6 of Nemmanahalli.

IV. Foot-path from Hurlipur to Bankawadi, 6 feet wide and about 152 chains long, open for men and cattle. It enters the forest on the right bank of the Waddalihalla about 53 chains north-east from the south-west corner of Survey No. 2 of Hurlipur, runs south-east and north-east through Survey Nos. 3 and 4 of Hurlipur and Survey No. 38 of Bankawadi and quits the forest in its eastern boundary at a point about 60 chains south-east from the south-west corner of Survey No. 6 of Nemmanahalli.

V. Foot-path from Manantbodi to Bankawadi, 6 feet wide and about 145 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 7 chains north-west from the north-west corner of Survey No. 35 of Bankawadi, runs east and north-east through Survey Nos. 36 and 35 of the same village and quits the forest in the eastern boundary at a point about 2 chains north from the south-east corner of Survey No. 35 of Bankawadi.

VI. Foot-path from Ainur Marigudi State Forest to Bankawadi, 6 feet wide and about 75 chains long, open for men and cattle. It enters the forest in its southern boundary at the hotte bandhs in the easternmost bend of Survey No. 34 of Bankawadi, runs along the eastern boundary of the same village and joins foot-path No. V *supra*, at a point about 2 chains north, from the south-east corner of Survey No. 35 of Bankawadi.

B. The undermentioned concessions are admitted within the block:—

(1) The raiyats of Bankawadi (582 cattle) and Singapatna (190 cattle) are entitled to graze their cattle free in the reserve during the prescribed period of the year.

(2) The raiyats of Magge (500 cattle), Malali (1,300 cattle), Kankanhalli (351 cattle), Sogahalli (509 cattle), and Hosaholalu (750 cattle) are entitled to graze their cattle in the reserve at half the prescribed rates during the prescribed period of the year.

(3) For each house in the villages of Malali, Kankanhalli, Sogahalli, Magge and Hosaholalu, the raiyats will be entitled to remove free from the Katwal reserve the following articles.

I. Annually.

(*a*) Twelve cart-loads of dead wood for fuel for household consumption.
(*b*) Twelve cart-loads of thorns for fencing purposes.
(*c*) Two cart-loads of bamboos for fencing purposes and for putting up lofts.
(*d*) One cart-load of poles for lofts or manchigay.

II. Once in three years.

Materials for ploughs shown in the latest Khaneshumari accounts as described below:—

For each plough.

2 Plough beams (ಮೇಕಿ).	2 Yokes (ನೊಗ).
2 Plough foot (ಕಾಲುಜಾಲ).	4 Pegs (ಕಾಡಾಲು).
1 Harrow (ಹುಲಿಕೆ).	2 Cart poles (ಬಂಡಿ ಮರ).

Note.—Materials only from the unreserved kinds of trees should be removed.

(4) Survey No. 2, and Sub-Nos. 1/1, 1/2, 1/3, in Survey No. 1, Sub-Nos. 1/3 and 2/3, in Survey No. 3 of Kenchanahalli which form one compact block are treated as enclosures within the reserve.

(5) Karwadi tank and the adjoining Hanumantharayaswami temple are treated as enclosures with a camping ground of 5 chains all round the temple.

By Order,

No. R. 737-40—Ft. 10-13-7, dated 15th July 1915.

Copy of the letter No. 1676, dated 9th August 1913, from the Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments

I have the honour to forward herewith for the orders of Government papers relating to the conclusion of the settlement of the Katwal Block in the Heggaddevankote Taluk, received from the Forest Settlement Officer through the Deputy Commissioner, Mysore District, with his Memo No. 4160, dated 21st April 1913.

2. The tract in question is situated to the east of the Begur and to the north of the Amru Marigudi State Forests and is nine miles south-west of Sargur village. It measures as settled, 6,545 acres, 9 guntas or 10·2 square miles and consists of kharab and gomal lands, as detailed in the margin, belonging to eight villages, of which four are bechirak. Only three out of the eight villages have some gomal left in them, the remaining five have none at all. Even among the three villages that have some gomal left, one has only 99 acres a small extent indeed considering the large number of cattle, *viz.*, 582, that the village has. In consideration of this circumstance and the fact that the villages affected by the proposed reserve are situated in the interior of the forest, the Forest Settlement Officer reports that he has conceded to the raiyats the right to graze their cattle in the reserve at concession rates and to take wood therefrom for their agricultural implements free of cost

	Acres	Guntas
Kharab	5,715	12
Gomal	799	57
Total .	6 515	9

3. Out of the twenty claims detailed below that were preferred before the Forest Settlement Officer thirteen were wholly admitted, four partly admitted and three rejected.

(i) Claims to right of grazing ..	2
(ii) Claims to right of way ..	4
(iii) Claims to miscellaneous rights . .	14

4. In a few cases the decisions of the Forest Settlement Officer in respect of the concession granted by him to graze in, and remove wood from, the reserve have been modified on appeal by the Deputy Commissioner These orders of the Deputy Commissioner have been noted in detail in the "B" Register, which forms one of the enclosures to this letter

5. As the Deputy Commissioner has recorded no objection to the reservation of the block in question the final notification may issue

---

Letter No 301, dated 31st March 1913, from C. Venkata Rao, Esq., B.A., Forest Settlement Officer in Mysore, to K S Doraiswami Iyer, Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Mysore District.

I have the honour to report on the conclusion of the settlement of the Katwal Block in the Heggaddevankote Taluk in the Mysore District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest, appeared on page 541, Part I, of the English issue of the *Mysore Gazette* dated 3rd September 1908, and the proclamation, under Section 5 of the said Regulation was issued by my predecessor Mr. M. Shama Rao and the same appeared on pages 725 and 726 of the Kannada issue of the *Mysore Gazette*, Part II, dated 27th November 1908. The proclamatory notices were got served on the villagers concerned through the Amildar of the Heggaddevankote Taluk.

3. The locality was inspected and perambulated by me in company with the Amildar and the Range Officer of Sargur on the 23rd, 24th and 26th November 1911.

It was ascertained that in the Antarsante hobli alone in which the block in question is situated, there are no less than 15 bechirak villages, and that in spite of the efforts made from time to time by the Revenue authorities it has not been found possible to revive even one of them. The villages affected by the proposed reserve being situated in the interior of the forest, I thought it necessary to make liberal provision in the matter of pasturage and the supply of wood for agricultural implements, as such a concession would serve as a sufficient inducement to raiyats to come and settle down in these parts.

4. The following twenty claims were preferred to me during the enquiry:—

(i) 2 claims for right of grazing.

(ii) 4 claims for right of way.

(iii) 14 claims for miscellaneous rights.

The claims in (i) and (ii) were admitted. Of the 14 claims in (iii) 7 were fully admitted, 4 were partly admitted, and 3 rejected.

No. R. 737-40—Ft. 40-18-7, dated 15th July 1915.

5. The Deputy Commissioner's decision on appeal was communicated to me in his No. 2062, dated 25th November 1912, and the same has been noted in the prescribed column of the 'B' Register.

6. The following records are herewith submitted :—

(i) 'B' Register.

(ii) 'C' Register.

(iii) Sketch map.

(iv) Boundary notification.

(v) Topo tracing.

7. According to the 'C' Statement prepared and submitted to Government by the Forest Department along with the Reservation papers, the area to be taken out of Survey No. 3 of Hurlipura for the proposed State Forest is 629 acres, 36 guntas. This is incorrect, as it works out to 842 acres, 36 guntas according to the calculations made in my office. In the 'C' Statement prepared by me, the latter figure is shown; and this accounts for the increase in the aggregate extent of the block in question by 213 acres.

8. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

1	Doddegowda, patel of Kenchanahalli.	22nd Nov. 1911	States that if the line is confirmed, the raiyats will be put to much difficulty for want of grazing for village cattle, fuel, thorns, bamboos and materials for agricultural implements.	....	....	1 and 2 Kenchanahalli is a bechirak village, about 310 acres of it has already been included in the adjoining State Forest of Begur. There is no objection for the remaining portion being included within the reserve, except the sub-divisions made in Survey Nos. 1 and 3 and the entire Survey No. 2, to the aggregate extent of 52 acres and 8 guntas which have been in the enjoyment of the raiyats of Sogahalli for over seven years No doubt these lands were given out for temporary cultivation on the understanding that they should be given up if they are required by the Forest Department within five years from date of grant This term has expired and the holders have spent money in improving these lands as they do not own lands elsewhere. I am therefore not in favour of their acquisition for being included in the reserve. They will be treated as enclosures. C. VENKATA RAO, Forest Settlement Officer. 27th November 1911.	....	
2	Chiknaika, holder of sub-division of fields in Survey Nos. 3 and 1 of Kenchanahalli, and resident of Sogahalli.	22nd Nov. 1911	Represents that the new sub-divisions formed in Survey Nos. 3 and 1 were given to him and Somarndya for temporary cultivation on the understanding that they should be given over to Government without any compensation if they are wanted within five years, and that as that period has elapsed and as he has spent considerable amount on the fields in question, he prays that the lands may not be included in the block.	.....	....	....	....

VENKATA RAO, Forest Settlement Officer. 27th November 1911.		
5	Venkatramiah, resident of Magge.	Do ...	States that during floods the raiyats of his village have necessarily to resort to the beehirak village of Kenchanahalli for procuring thorns and bamboos for hedges, fuel for domestic consumption and materials for agricultural implements. His village cattle have also to be taken to the kharab lands of the said village for grazing.	.....	The raiyats of Malale, Kankanhalli, Magge, Sogahalli and Hosahola have no real grievance whatever, since these are situated nearer the extensive District forests of Begur and Kakankote than the proposed reserve. Hence their claims require no consideration.	The raiyats of Magge have set up a claim to free grazing in the Kenchanahalli lands and to the removal of wood for agricultural implements, fuel and thorns and bamboos for hedging purposes. There are 160 houses in it with a stock of cattle of 500. An extent of 27 acres and 2 guntas has been assigned as gomal in addition to the kharab lands measuring 1 acre and 28 guntas. There is no assessed land remaining waste. As the village is surrounded by the Kabani river on 3 sides, the raiyats have no alternative but to resort to Kenchanahalli for getting their supply of fuel, etc., and this right they have been enjoying for a number of years. As the whole of Kenchanahalli has been treated as Kharab during the survey, it is not known why the Revenue authorities have not been levying grazing fees from the raiyats of this village; and this cannot be construed as allowing them the right of free grazing. In these circumstances I direct that only half the prescribed fees be levied from them for grazing their cattle (500) in the reserve. I also decide that they be entitled to remove from the reserve, materials as specified in the foot-note below. C. VENKATA RAO, Forest Settlement Officer. 27th November 1911.	With reference to the contention of the District Forest Officer that the raiyats of Magge, Malale, Kittur, etc., have been allowed to graze their cattle at of half the concession rates, I see from the decision of the Settlement Officer that in the Government villages referred to, there is either no gomal land or that the existing gomal land is inadequate for the number of cattle. The Amildar reports that except Sogahalli all the villages are to the south of the river and the raiyats cannot take their cattle across the river during the floods. The decision of the Settlement Officer seems to be sound in respect of the concessions granted to Sirkar villages in view of the above

									facts. In the event of this concession being abused for purposes of trading in cattle, the concession will be withdrawn, and this may be intimated to the villagers concerned. K. CHANDY, Deputy Commissioner. 25th Nov. 1912.	
									As regards free removal of certain materials granted to the raiyats of Malale, Maggur, Sogahalli, etc., I am of opinion that the concession shown by the Settlement Officer seems to be very guarded by the imposition of certain whole-some restriction and there is no reasonable ground for the apprehensions entertained by the District Forest Officer of the whole forest being overhauled by the villagers. K CHANDY Deputy Commissioner 25th Nov 1912.	
								For the same reasons, I decide that the raiyats of this village be entitled to graze their cattle (351) in the reserve on payment of half the prescribed fees and to remove free from the reserve the materials shown in the foot-note below C. There is no gomal land assigned for this village also. It is in evidence that the cattle of this village go to Kenchanahalli now is there any kharab land assigned for it. I accordingly decide that the raiyats be entitled to graze their cattle (309) in the reserve on payment of half the prescribed fees and to remove free, materials from the reserve as shown in the foot-note below. C. VENKATA RAO, Forest Settlement Officer. 27th November 1911.	*Vide* claim 5.	
9	Basavegowda, patel of Hosaholalu.	22nd Nov. 1911	States that in the rainy season, his village cattle go for grazing to the Kankankote side, and in the summer after floods, they go to the Kenchanahalli lands. The raiyats also get their supply of materials for agricultural implements from the localities referred to above and prays that this right may be admitted in the reserve.	.....	Do ..	On three sides the village is surrounded by the Kabani river. The raiyats also claim free grazing. An extent of 101 acres and 29 guntas has been assigned as gomal. This is of course inadequate for the pasturage of 750 head of cattle. I accordingly decide that they be entitled to graze their cattle (750) in the reserve on payment of half the prescribed fees and to remove materials therefrom for agricultural implements as shown in the foot-note below. C VENKATA RAO, Forest Settlement Officer. 27th November 1911.	Do	

10	Srinivasiah, patel of Singapatna.	22nd Nov. 1911	Represents that Survey No. 32 (gomal, measuring 262 acres, 16 guntas has been proposed to be included in the reserve and that as the pasturage land now remaining for the village is ill-suited for grazing, begs that Survey No. 32 may be entirely excluded.	.....	There still remains 262 acres, 16 guntas of gomal and 347 acres of kharab for 185 head of cattle.	In the Survey Settlement an extent of 262 acres, 16 guntas has been assigned as village gomal. The whole of this extent has been proposed to be included. The village has an occupied area of 318 acres, 10 guntas with a stock of cattle of 190. In the interests of the Forest Department, it is necessary to include the whole of the village gomal area, as it is well-wooded and well-suited for the growth of teak which now abounds on the slopes of the Wadihalla; and as there is only one kharab survey number and as I understand that the raiyats have put in many darkhasts for sub-dividing it for being given out for cultivation, it is not possible to assign it as gomal. I accordingly decide that the raiyats of Singapatna be entitled to graze 190 head of horned cattle free, in the reserve. As regards the supply of wood for agricultural implements, they can be obtained from the kharab portion of Survey No. 31 even after a portion of it is given out for purposes of cultivation. C. VENKATA RAO, Forest Settlement Officer. 27th November 1911.	The District Forest Officer states that as there is extensive gomal land the raiyats of Nemmanahalli, Bankavadi, Katwal and Singapatna need not be granted any rights of free grazing in the forest. From the decision of the Forest Settlement Officer, I see that the above concession is not extended to the raiyats of *Nemmanahalli* but only to the raiyats of the other three villages. As regards Bankavadi and Singapatna raiyats, it appears that this concession has been granted to them, because the entire gomal land of Singapatna and a major portion of it in Bankavadi has been included in the reserved area. Therefore there is no valid reason to disturb the order of the Forest Settlement Officer so far as these two villages are concerned. K. CHANDY, Deputy Commissioner, Mysore District. 25th November 1912.
11	Venkatadevaiah, patel of Karwadi.	22nd Nov. 1911	States that there is a tank within the limits of this village to which the cattle of Kittur, Bidarahalli, Uyamballi, Singapatna and Sogahalli resort for drinking water, and prays that this may be excluded. They also come for grazing in the kharab lands.	.....		This is also a *hechirak village*. I confirm the line as it is now laid out. But the village tank and the temple of Hanumantharayaswami which adjoins it, will be demarcated out free from reservation with a margin of five chains of camping ground around the said temple. Right of way to the cart-track leading to the Hanumantharayaswami temple along the Karwadi tank-bund will be admitted for men, cattle and carts all round the year. Width to be 15 feet. C. VENKATA RAO, Forest Settlement Officer. 27th November 1911.	.....

12	Venkatadevi alias, shanbhog of Kalsur.	22nd Nov. 1911	Represents that as the cattle of Bidrehalli, Uyamballi, Kittur and Singapatna, Sogahalli and Malalgodle come to the kharab lands for grazing, this right may be recognized.	.....	.....	This is another bechirak village. It calls for no remark. C. VENKATA RAO, Forest Settlement Officer. 27th November 1911.	.....	
13	Srinivasa Gopalachar, shanbhog of Hurlipur.	23rd Nov. 1911	States that as the cattle of Kittur, Singapatna, Biderahalli and Sogahalli and Uyamballi come for grazing in this village, this right may be conceded.	.....	.....	This is another bechirak village. Excluding the portion beyond the Wadlihalla which has already been included in the Begur State Forest, the whole of the village is proposed to be included within the reserve. As this is a valuable tract of forest, I order the line be confirmed as laid down within the limits of this village. C. VENKATA RAO, Forest Settlement Officer. 27th November 1911.	.....	
14	Do ...	Do ..	Claims right of way to the cart-track leading from Kittur to Bankavadi and to the foot-paths leading from the State Forest to Bankavadi and from Hurlipur to Bankavadi.	.....	.....	Right of way to the cart-track (15 feet wide) from Kittur to Bankavadi for men, cattle and carts, and to the foot-paths leading from the Ainurmarigudi State Forest to Bankavadi, and from Hurlipur to Bankavadi (6 feet wide) for men and cattle, will be admitted throughout the year. C. VENKATA RAO, Forest Settlement Officer. 27th November 1911.	.....	
14A	(Nemmanahalli) ...	.....	.....	.....	.....	Only 76 acres of kharab out of an extent of 700 and odd acres has been proposed for inclusion in the reserve. There is no objection to it. C VENKATA RAO, Forest Settlement Officer. 27th November 1911.	.....	

15	Lingegowda, patel of Katwal.	Do ...	States that as there is not enough of pasture available in his village, the cattle are taken to the kharab and gomal lands of Hurlipur, Karwadi, Kaisur, etc., and that the raiyats also remove fuel, thorns, bamboos, wood for agricultural implements from the survey number proposed to be included within the reserve, and prays that the lands may be entirely excluded from the reserve. If this cannot be done, the raiyats may be given the right of free grazing within the reserve.	.....	There remains 478 acres, 20 guntas of gomal and 468 acres, 20 guntas of kharab for the village, and hence the prayer needs no consideration.	Acres 1,707, guntas 19, of kharab land of this village has been proposed to be included within the reserve. As the yield of grass is scanty owing to the thickness of the jungle in these parts, the rule prescribing the limit of 30 acres of pasturage for every 100 head of cattle has to be greatly relaxed. Besides Mr. H. Srinivasa Rao, Assistant Conservator, who proposed the reservation of the block in question was of opinion that 200 to 250 acres of gomal might be considered as sufficient for the grazing of 100 head of cattle. Hence I decide that the raiyats of this village be entitled to free grazing within the reserve. I reject the other prayers of the villagers. C. VENKATA RAO, Forest Settlement Officer. 27th November 1911.	As regards Katwal the concession of free grazing has been extended to it by the Forest Settlement Officer on the basis of the calculation made by Mr H. Srinivasa Rao, Assistant Conservator who first proposed the reservation of the block. His calculation seems to me to be unsound. As the gomal lands of Katwal village are unaffected by the reservation, and as they are quite sufficient for the village cattle, I direct that this concession be withdrawn. K. CHANDY, Deputy Commissioner 25th November 1912
16	Rudregowda, patel of Bankavadi.	25th Nov. 1911	States that the area now remaining for the use of the village is quite inadequate, and prays that no land may be included in the reserve.	.....	The village will have 39 acres, 4 guntas of gomal, 608 acres, 12 guntas of kharab for 860 cattle. Considered by itself, this village has little gomal land. But when the gomal of its suburb Nemmanahalli and also the kharab lands of both Nemmanahalli and Bankavadi are taken into consideration, it strikes one that the villagers have got sufficient extent of land for their requirements	It has already contributed 370 acres of land to the adjoining Aiyanurmarigudi State Forest. For reasons stated with reference to similar claims, advanced by the raiyats of Katwal, I decide that the raiyats of Bankavadi be entitled to graze their cattle (592) free in the reserve. I reject the other prayers of the villagers as they can get fuel, bamboos, thorns and materials for agricultural implements from the village jungle which is still left for their use. C. 17	Ramaseshaiya, patel of Kittur.	22nd Nov. 1911	Represents that there is a small extent of gomal land assigned to this important village and that from time immemorial the raiyats have been sending their cattle for grazing to the lands of Karwadi, Kalsur, Singapatna, Kenchanahalli and Hurlipur, and prays that the concession of free grazing in the State Forest may be continued and that if this is not feasible, the raiyats may be allowed to graze their cattle at concession rates.	.....	Kittur, Bidarahalli and Uyamballi are sarvamanya villages and possess rich and extensive forests of their own. The growth in these forests consists of the same species as are to be found in the reserve for their agricultural implements, etc. Their right for taking agricultural implements and for free grazing inside the reserve need not therefore be considered.	(*Claim 17, 18 and 19.*) The raiyats of Kittur (sarvamanya) Bidrahalli (khayemgutta) and Uyemballi (khayemgutta) have also set up a claim for free grazing within the villages of Karwadi, Kalsur and Hurlipur, and for removal of fuel, etc., from the jungle situated in them. They have adduced evidence in support of the claim. The fact that no hulbanni is being levied from them, is no ground for claiming the concession in Government villages to be continued to them. In consideration of the fact of their enjoyment of the right to graze free for a number of years, and for reasons stated with reference to claim 15, I decide that they be entitled to graze their cattle in the reserve on payment of half the prescribed fees. I reject the other prayers as sufficient materials and fuel can be had in their own jungles. C. VENKATA RAO, Forest Settlement Officer. 27th November 1911.	17, 18 and 19. As regards inam villages of Kittur, Uyamballi and Bidarahalli I agree with the Mysore Sub-Division Officer in thinking that the grant of concessions to them is opposed to Government Order No. R. 6546-55—Ft. 188-08-15, dated 10th May 1912, especially as the Forest Settlement Officer states that the raiyats of these villages have not established their rights to grazing in the villages now included in the forest. I accordingly order that the decision of the Forest Settlement Officer as regards grant of concessions to these inam villages be cancelled. Order No. Fl. 158-70—G. F. 2-15-1, dated 10th July 1915.

The Government of His Highness the Maharaja of Mysore are pleased to direct that the following procedure be observed for the discussion of the budget in the Legislative Council at the meeting to be held in July 1915 and in subsequent years.

I. Previous to the formal meeting of the Legislative Council for the discussion of the budget a meeting in Committee of the whole Legislative Council will be held. At this meeting discussion will be free and informal and the restrictions laid down in the papers read in the preamble will not apply. Additional information asked for by members will be supplied at this meeting as far as practicable, if notice is given to the Financial Secretary at least one week before the meeting. The proceedings of this meeting will not be open to the press and to visitors. In the current year this meeting will be held at 12 noon on Monday the 26th July 1915, in the Public Offices at Bangalore.

II. The formal meeting of the Council to discuss the budget will be held at 12 noon on Tuesday the 27th July 1915. At this meeting views and suggestions which members may wish to put forward in respect of the budget in the light of previous explanations will be discussed. The rules laid down in the papers read in the preamble will be strictly observed at this meeting which will be open to the press and visitors.

III. A memorandum explaining the salient points of the budget is forwarded herewith for the information of members.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Secretary, Mysore Legislative Council.
All the Members of the Legislative Council.

No. Fl. 158-70—G. F. 2-15-1, dated 10th July 1915.

BRIEF MEMORANDUM EXPLAINING THE SALIENT FEATURES IN THE BUDGET FOR 1915-16.

(Unless otherwise expressed figures are to be understood as meaning thousands of rupees.)

1. The budget and the revised estimates for 1914-15 stand as follows —

	Budget Rs.	Revised Estimate Rs.
Revenue and receipts ...	285,09	278,14
Service heads expenditure ...	263,46	306,15
Surplus ...	+21,63	Deficit —28,01
Extraordinary capital works ...	95,17	86,96
Net Outgoings ...	73,54	114,97

The situation is, therefore, less favourable than the budget to the extent of 41,43.

2. The circumstances which contributed to this result are analysed below —

	Budget	Revised	Variation Better +	Variation Worse —
Revenue	285,09	278,14	...	—6,95
Ordinary service expenditure omitting War and Imperial Indian Relief Fund contributions	263,46	254,15	+9,31	...
Capital works	95,17	86,96	+8,21	...
Net Surplus (+) ...	—73,54	—62,97	+17,52	—6,95
or Deficit (—) ...	...	...	+10,57	
Contributions to the War and Relief Funds	...	...	—52,00	
Net result	...	...	—41,43	

3. The fall of 6,95 on the Revenue side appears chiefly under the following heads :—

	Rs.	
Land Revenue	3,40	Owing to unfavourable seasonal conditions.
Forest	10,98	No market for sandalwood on account of the war.
Surplus Revenue of Bangalore Assigned Tract	4,20	Amount due up to 1910-11 only was paid as the amount due for subsequent period has not been settled yet.
Railways	2,13	Unfavourable agricultural and trade conditions.

4. The important items which showed an increase to counter-balance the fall referred to in the foregoing paragraph are :—

	Rs.	
Excise	9,00	Improvement in Arrack, Toddy and Ganja under tax and license fees due chiefly to keen competition at the Excise sales.
Mining Revenue	1,70	As royalty is paid on gold delivered at the Bombay mint under the new financial arrangements on account of the war, more than 12 months' revenue will be realised this year.
Interest	2,04	Interest on some of the securities for the 2nd half of 1913-14 received during 1914-15.

5. The improvement of 9,31 in the ordinary service expenditure is explained by the following fluctuations which are the most important of several items contributing to this result :—

	Rs.	
Salaries and expenses of Civil Departments.	4,63	Due principaliy to a large lapse of about two lakhs under Education and to small savings under other Departments.
Public Works	4,73	Lapses under Irrigation and Civil Works, chiefly due to the time required for getting projects and estimates ready and to shortage of labour.

No. Fl. 158-70—G. F. 2-15-1, dated 10th July 1915.

6. The saving of 8,21 under Capital Works was distributed over all the heads, except Cauvery Power Scheme, IV Installation, under which there is an excess of 4,33. Owing to the substitution of the system of land instead of cash compensation, a saving of about 5,00 will occur under Cauvery Reservoir and Allied Works. As the preliminaries in connection with the Bangalore-Hosur line are not yet settled, the grant for the construction of this railway lapses; but a portion of this lapse is utilised for the Mysore-Arsikere Railway which is progressing rapidly. Almost the entire grant for Bangalore Electric Tramways remains unused as the scheme could not be fully matured for various reasons during the last year.

BUDGET, 1915-16.

7. The budget, framed on the supposition that normal conditions will prevail in respect of agriculture, stands as shown below. For facility of comparison the figures of the Revised Estimates for 1914-15 are also shown side by side.

	Budget, 1915-16	Revised, 1914-15		Budget, 1915-16	Revised, 1914-15
	Rs.	Rs.		Rs.	Rs.
Revenue and receipts	274,02	278,14	Ordinary service expenditure.	273,70	254,15
			War Fund subscription ...		50,00
			Imperial Indian Relief Fund subscription.		2,00
Deficit	...	28,01	Surplus	0,32	...
			Special capital works ...	66,35	86,96
Net Deficit ...	66,03	114,97	Net Surplus ...	...	...

REVENUE.

8. The Revenue for 1915-16 is based on the collections that may be expected in a normal year under almost all the heads, except Forest and Railways.

The important variations would appear from the following comparative tabular statement :—

	Revised, 1914-15	Budget, 1915-16	Remarks
	Rs.	Rs.	
Land Revenue ...	103,00	106,25	Normal figure taken for budget. Revised less on account of unfavourable seasonal conditions.
Excise	55,00	50,00	Budget figure calculated on the previous two years' actuals. Revised is extraordinarily high due partly to temporary causes.
Mining Revenue ...	20,70	18,96	Budget figure based on the expectation of normal conditions of work and normal output in the mines. Revised more on account of special arrangements as regards payment of royalty.
Surplus Revenue, Bangalore Assigned Tract ...	9,23	8,00	Provision is made for the amount expected to be realised on account of surplus for the years subsequent to 1910-11.
Interest ...	15,98	9,62	Revised includes portion of interest for 2nd half of previous year. Budget is for actual demand less interest on securities intended to be sold to recoup depleted cash balance.
Cauvery Power Scheme ...	17,58	25,00	Budget takes into account the additional revenue expected from the IV Installation.

No. Fl. 158-70—G. F. 2-15-1, dated 10th July 1915.

EXPENDITURE.

9. Leaving out of account the payment of 52 lakhs on account of the War Fund and Imperial Indian Relief Fund Contributions in the column for revised, the grant in 1915-16 for the ordinary service expenditure programme is 19,55 more than the revised estimate. The important variations are detailed below :—

	Revised, 1914-15	Budget, 1915-16	Remarks
	Rs.	Rs.	
Interest ...	4,34	8,37	Provision is made in 1915-16 for interest on temporary loans that may have to be raised during the year to carry on the programme of capital works.
Salaries and expenses of Civil Departments ...	65,06	73,33	Larger expenditure under Education, Agriculture, Administration, Courts of Law, Sanitation and Vaccination. The grants of 1914-15, which lapsed in the Agriculture and Industries Departments have been reprovided.
Army excluding war contribution.	14,05	15,91	Increase is chiefly under the heads Imperial Service Regiment and Barr or Native Infantry. The rise in the former case is on account of increased pay to officers and men and other incidental charges owing to field service that fall on the State. In the latter case, it is due to a thorough reorganization of the scales of pay to officers and men alike.
Public Works ...	30,32	31,22	On account of some special works taken up urgently for execution, a larger grant has been allowed.
Cauvery Power Scheme Capital Outlay.	1,27	2,31	Extension of interior power and lighting and construction of hospital and block of cooly lines and office quarters at Sivasamudram.

10. A sum of 18,30 is provided for special grants and for establishment maintained on a temporary footing as indicated below :—

	Rs.
Bangalore City Improvement	1,00
Grant to Mysore City Improvement Fund	3,26
Economic Conference	2,49
Grant-in-aid to Local Funds for village improvements ...	2,00
Grant-in-aid for wells in villages	1,00
Malnad improvement grant	1,00
Grant for village school buildings	1,00
Other special grants for Education and Agriculture	2,50
Special addition to Public Works grant	2,00
Improvement of water-supply in towns	50
Town planning operations	25
Field Service charges in the Military Department	1,30
Total ...	18,30

SPECIAL CAPITAL GRANTS.

11. The grants included in the budget for Special Capital Works depend on the progress of the several works so far, the quantity of work that the department expects to execute during the year and other considerations. The grants for capital outlay not charged to revenue in the budget for 1915-16 aggregate 66,35 against 86,96 in the revised estimate as detailed below :—

	Revised estimate, 1914-15	Budget, 1915-16
	Rs.	Rs.
Cauvery Reservoir and Allied Works	32,50	25,00
Capital outlay on State Railways and Steam Tramways	35,04	26,35
Subsidized or Aided Railways	9,38	7,00
Bangalore Electric Tramways	4	6,00
Cauvery Power Scheme IV Installation	10,00	2,00
Total ...	86,96	66,35

No. Fl. 158-70—G. F. 2-15-1, dated 10th July 1915.

WAYS AND MEANS.

12. The Ways and Means arrangements for the ensuing year will be as shown below:—

	Rs.
Estimated opening cash balance on 1st July 1915	56,99
Net result under service heads	32
Net result under debt heads (excluding transactions under Surplus Investment account)	2,06
Capital outlay not charged to Revenue	—66,35
Closing balance that would be left on 1st July 1916 in ordinary course	—6,98

As it is necessary to have a cash balance of at least 75 lakhs at the beginning of a year for ordinary purposes of administration, it is clear that a sum of Rs. 81,98 will have to be realised from our invested funds during the course of the year. The exact way in which this operation will be done will depend on the state of the money market at the time when funds will be needed and cannot for obvious reasons be profitably discussed now.

13. The cash assets and liabilities of the State on 1st July 1915 are approximately worked out in an appendix attached to the Financial statement. From this it will be seen that the net Government balance on that date will be about 119,46 so that even after allowing for a decrease of 66,03 during the ensuing year we shall have assets amounting to 53,43 after covering all our liabilities in full.

Letter No. 9289, dated the 27th May 1915, from the Excise Commissioner in Mysore submitting the records of enquiry relating to the inamdars' claim to the excise revenue from toddy of Jodi Hagari Golhalli village, Kolar Taluk.

Order No. Fl. 316-7—S. R. 147-14-2, dated 19th July 1915.

Every opportunity was given to the inamdars to substantiate their claim and they have admitted that they cannot establish their right to the today excise revenue of the village. Government, concurring with the opinions of the Deputy Commissioner and the Excise Commissioner, hold that the inamdars are not entitled to the revenue in question.

2. Government Order No. 10498-503—L. B. 236-14-2, dated the 22nd June 1915, authorizing the levy of a similar cess at 6 pies in the rupee in the Chitaldrug District from the 1st July 1915.

3. Government Order No. Fl. 7488-544—S. R. 159-14-2, dated the 17th June 1915, laying down that the railway cess on excise revenue in the Kolar District should be levied separately on all items of excise revenue on which local cess is at present levied, except shop rental on which no local cess is now levied.

Order No. Fl. 386-95—S. R. 159-14-2, dated 22nd July 1915.

Government are pleased to direct that when railway cess is ordered to be levied in any district, it should be collected separately on all items of excise revenue on which local cess is at present levied, excepting shop rental on which no cess is now charged.

Report on the working of the State Life Insurance Scheme during 1913-14.

No. Fl. 458-9—B. 34-14-2, dated 29th July 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 3434, dated 14th May 1915, from the Secretary, Insurance Committee, submitting the Report on the working of the State Life Insurance Scheme during 1913-14.

Order No. Fl. 458-9—B. 34-14-2, dated 29th July 1915.

During the year 1,220 proposals were dealt with as against 1,442 in the previous year and 931 policies were issued assuring a bonus of Rs. 5,58,317 and involving a monthly premium of Rs. 2,098-8-0.

2. The receipts of the Fund during the year amounted to Rs. 4,17,656-5-1. The balance at the credit of the Fund, which was Rs. 26,69,231-5-3 at the beginning of the year, stood at Rs. 29,45,369-10-6 at the end of the year.

3. Fifty-four persons holding 105 policies assuring a bonus of Rs. 73,985-4-0 attained their 55th year during the year under review. The claims of thirty-one of these were discharged during the course of the year, the claims of 7 more are in the course of adjustment and the claims of the rest had not been tendered at the close of the year.

4. Including 84 death claims amounting to Rs. 73,125-14-4, discharged during the year, 889 death claims for Rs. 7,81,712-6-4 have been discharged since the inception of the Fund.

5. The mortality from plague has fallen, only 5 deaths out of a total mortality of 74 during the year being due to it. Cholera however was responsible for 13 deaths.

6. The percentage of the cost of management to the premia income has risen from 2·31 in the previous year to 3·22 in the year under report—the increase being attributed to the payments made to the Actuary for the quinquennial valuation of the Fund. Excluding this item of special expenditure the percentage is only 2·05.

7. The affairs of the fund as on 30th June 1912, were examined and reported on by Mr. T. G. Ackland, Actuary. The report was favourable and Government have already considered and passed orders on it in Government Order No. Fl. 221-2—B. 40-13-2, dated 20th July 1914.

8. There was only one addition to the membership of the Family Pension Fund during the year and at the close of the year its funds stood at Rs. 2,203-8-9. Government have in Government Order No. Fl. 4405-6—B. 21-14-2, dated 8th May 1915, sanctioned the preparation of certain new tables which when introduced are expected to make this fund more popular.

2. Correspondence ending with letter No. 11949, dated 26th March 1915, from the same officer, stating that he has informed the Deputy Commissioner that the claim preferred is inadmissible as the official therein referred to was transferred as a punishment for misconduct and submitting the explanation of the Deputy Commissioner for having sent up the bill for sanction in the first instance.

Order No. Fl. 66-114—S. & A. 24-13-285, dated 8th July 1915.

The Deputy Commissioner's explanation that the claim was considered admissible on the ground that though the transfer was partly in the nature of a punishment, it was required also in the interests of public service, cannot be accepted, as travelling allowance can be given for journeys on transfer only when the transfer is solely in the interests of public service.

2. Government regret to notice that such a claim was sent up by the Deputy Commissioner and passed on by the Revenue Commissioner without proper scrutiny regarding its admissibility. They would take this opportunity to impress on all officers the necessity of their satisfying themselves that travelling allowance claims are in order and admissible under the rules before sending them to the Comptroller for audit or submitting them for the sanction of superior authorities.

Government Proceedings No. R. 7496-16—L. R. 384-14-2, dated the 24th February 1915, reducing the period of itineration of Assistant Commissioners, and calling for the opinion of the Chief Court regarding the trial of criminal cases by Assistant Commissioner Magistrates at Taluk Stations more largely than now.

2. Letter No. 4252—290, dated the 15th March 1915, from the Registrar, Chief Court, furnishing as called for the opinion of the Judges of the Chief Court in the matter.

Order No. J. 289-300—Cts. 332-14-2, dated 24th July 1915.

Government consider that, as a general rule, Criminal cases should be tried at the headquarters of the Magistrates. When other urgent or continuous work requires the Magistrate's absence for more than a week from his headquarters, he may post cases to any other place in his jurisdiction which is equally convenient to the parties and the witnesses, due notice of time and place being given to them in all cases. If the parties apply on reasonable grounds for the case being heard at headquarters, the Magistrates should always comply.

2. When cases are tried out of headquarters, the reasons for deviating from the general rule should invariably be recorded. A quarterly statement of such trials by the Magistrates should be prepared for each district and submitted to Government through the Chief Court by the District Magistrate concerned before the close of the month following the quarter to which the statement relates.

3. The Chief Court is requested to issue a circular letter on these lines in supersession of its circular letters Nos. 111 and 155, dated the 17th August 1892 and the 26th March 1904, respectively, on this subject.

Order No. 800-10—L. B. 12-15-1, dated 26th July 1915.

The following subsidiary instructions are issued regarding the procedure to be observed for drawing the amounts provided for village well works in the Government Order read above.

2. A separate sub-head called "Drinking water wells fund" will be formed under "District Funds" and a sum of rupees two lakhs made up of contributions noted below will be annually credited to it for three years commencing with 1914-15.

	Rs.
(1) State grant	1,00,000
(2) Contribution from District Funds ...	50,000
(3) Contribution from Village Improvement allotment	50,000
Total ...	2,00,000

This amount of rupees two lakhs will be annually distributed under the three heads mentioned above and placed at the credit of the Presidents of the several District Boards according to their requirements. The aggregate amount allotted to each district will form a ear-marked grant and will not be mixed up with the general balance of the District Fund.

3. The contributions raised by the villagers for meeting half the cost of the wells should, if made in cash, be remitted to the Treasury to the credit of the drinking water wells fund of the district concerned.

4. Grants-in-aid for well works will be sanctioned by the Presidents of the District Boards not exceeding, in the aggregate, the allotment available in the district concerned after the President has satisfied himself that the villagers' contribution has been paid into the Treasury or an equivalent quantity of work has been done by them. In special cases in which the condition that the villagers should contribute half the cost is relaxed by the President the amount required for the well will be sanctioned as a grant-in-aid out of the district allotment. Work registers should be maintained for each well undertaken showing the people's contribution and the Government grant-in-aid.

5. When payment has to be made either during the progress of the work or after completion, separate work bills will be passed by the President and paid at the Treasury out of the drinking water wells fund. The Presidents may also sanction advances in respect of each well work not exceeding 25 per cent of the cost at a time subject to adjustment within one month from the date of grant.

6. A quarterly report on the progress of well works should be submitted to Government by the Presidents in the form appended to this order.

No. 800-10—L. B. 12-15-1, DATED 26TH JULY 1915.

7. The Comptroller is requested to issue needful further instructions regarding the method of accounting for sums drawn, submission of vouchers for audit, and the maintenance of accounts.

Communications from the President, Mysore City Municipal Council and Chairman, Mysore City Improvement Trust Board, submitting estimates and proposals for the undermentioned works.

(1) Improvement of the Devaraj market at a cost of Rs. 54,642.

(2) Improvement of the Devaraj market square at a cost of Rs. 4,48,035.

(3) Planting of avenue trees and employing the necessary establishment therefor at a cost of about Rs. 48,000.

(4) Improving the junction of the Chamaraj and Dodkere tank bund roads near the Police out-post at a cost of Rs. 4,860.

(5) Improving the square at the north-western corner of the Lower Residency compound at a cost of Rs. 5,800.

(6) A scheme for the housing of the poor and granting house building advances on a large scale in future, at the rate of one lakh a year or a total outlay of 5 lakhs.

2. Letter No. 8074—Ml. 163-14-12, dated 14th April 1915, calling for detailed plans and estimates for a City Municipal Office at a cost not exceeding Rs. 1,30,000.

3. Government Order No. 3702-9—Ml. 163-14-1, dated 6th November 1914, prescribing a programme of works to be carried out in the immediate future for the improvement of the Mysore City.

Order No. 221-5—Ml. 51-14-63, dated 12th July 1915.

Of the works referred to in the preamble, Government consider the following to be the most urgent:—

(1) Improvements to the Devaraj market.
(2) Improvements to Devaraj market square.
(3) The construction of a building for the Municipal office.
(4) Improving the junction of the Chamaraj road and the Dodkère tank bund road.
(5) Improving the square at the north-western corner of the Lower Residency compound.

Government are pleased to direct that these works may receive immediate consideration. The estimates for items (1) and (4) and (5) are hereby sanctioned. Projects for the remaining works should be completed and sanction applied for without delay.

2. As regards the provision of funds for the works, Government observe that the construction of a Municipal Office will be more or less for the benefit of the Mysore Municipal Council and that it is therefore legitimate and proper that a part at least of the cost should be debited to Municipal funds. Government accordingly direct that one-third of the estimated cost of the building shall be borne by the Municipality, the remaining portion being met from Trust Board Funds.

3. The cost of items Nos. (4) and (5) may be met from the funds of the Trust Board.

4. As regards improvement to the Devaraj market and to the market square, Government expect that the greater part of the amount spent on these works would be recouped and that the works when completed would yield some return on

the net outlay incurred. They therefore direct that the amounts spent on the execution of these two works shall be treated as an advance from the Trust Board Funds and that complete capital and revenue accounts shall be maintained for the works. The question of the apportionment of the charges between the Trust Board and the Municipal Council may be considered at the end of three years.

5. Before undertaking the scheme for the housing of the poor on the extensive scale contemplated by the Trust Board, Government consider that further efforts should be made to induce persons whose houses have been acquired to avail themselves of the concessions already provided in the shape of loans. A sum of Rs. 30,000 will be placed at the disposal of the Chairman of the Trust Board for the construction of model dwellings for the housing of the poor which may be sold to the occupants on condition of payment of the price in easy instalments spread over a series of years. Correct accounts should be maintained of the amounts spent for the purpose. The Chairman of the Trust Board will be responsible that the project is developed on a commercial basis.

6. The scheme for the planting of avenue trees is considered too costly and may be suitably revised. The cost should not exceed Rs. 5,000 and a part of the same should be charged to the Municipal Council.

7. Orders will issue in regard to the other works referred to in Government Order No. 3702-9—Ml. 163-14-1, dated the 6th November 1914, as soon as each proposal is received in a complete form.

8. As Mysore is the capital of the State and is resorted to largely by people from all parts of His Highness' territories during the Birthday and Dasara Festivities, a special allotment is required for carrying out small items of original works considered necessary from time to time by Government. A sum of Rs. 25,000 will be reserved annually from the grant made to the Trust Board for such works. They will be carried out directly under the orders of Government, and the rules relating to works under the Trust Board will not apply to them.

9. In view of the increase in the number of works to be undertaken by the Trust Board, the grant to the Board will be raised to Rs. 3½ lakhs a year until further orders.

Order No. 489-509—Ml. 60-15-1, dated 19th July 1915.

With a view to avoid delay in the disposal of estimates for works costing over Rs. 500 and falling under the description "Public works to be executed by the Revenue Department" undertaken by the District Boards and Municipal Boards and Councils from the District and Municipal Funds and the Local Funds General Government are pleased to direct that estimates costing not more than Rs. 1,000 should be referred in the first instance to the Executive Engineers and those costing over Rs. 1,000 and not exceeding Rs. 2,500 to the Superintending Engineers concerned for the necessary professional scrutiny before they are submitted to Government. All estimates costing over Rs. 2,500 only should be submitted to the Chief Engineer who will transmit them to Government with his remarks.

Correspondence ending with letter No. 6, dated the 23rd October 1914, from the Chairman of the Malnad Improvement Committee, Shimoga District, in the matter of organising Travelling Dispensaries in the malnad.

Order No. 184-9—Med. 38-13-10, dated 9th July 1915.

The question of providing suitable facilities for medical relief in the malnad parts of the State, where travelling is difficult, has been under consideration for some time. Doctor M. Srinivasa Rao, Director of the Public Health Institute, was recently deputed to collect full information regarding the organization and working of the Travelling Dispensaries in the United Provinces. Doctor Srinivasa Rao's report on the subject has been considered by the Malnad Improvement Committees of the Shimoga, Hassan and Kadur Districts whose proposals are now before Government.

2. On a consideration of the several proposals, Government agree with the Sanitary Commissioner in the opinion that Travelling Dispensaries on the lines of those in the United Provinces are not at present wholly suited for the purpose in view. As a preliminary measure, they have decided to convert three of the existing dispensaries in the malnad parts of Shimoga District into semi-itinerant ones, and sanction two itinerant dispensaries for the malnad parts of the Hassan District. In the case of the semi-itinerant dispensaries, the Medical Officer in charge will be required to tour in the adjoining villages within a defined area for a fixed period every month.

3. These dispensaries will be placed under the charge of a Sub-Assistant Surgeon possessing a University diploma in medicine. A fixed travelling allowance of Rs. 30 per mensem will be given to each Sub-Assistant Surgeon in charge of semi-itinerant dispensaries in addition to the charge allowance and of Rs. 50 per mensem to Sub-Assistant Surgeons in charge of itinerant dispensaries. Each officer will be provided with a tent and the required stock of medicines and instruments. In addition to treatment of diseases, these officers should be required to devote special attention to spreading a knowledge among the people of simple facts regarding the more common diseases and elementary principles of sanitation.

4. The Senior Surgeon is requested to settle, in communication with the respective Malnad Improvement Committees and the Deputy Commissioners concerned, all further details regarding the places where the scheme should be given effect to, any increase of establishment and other expenditure absolutely necessary in order to give effect to the scheme and the arrangements needed to ensure satisfactory working of the same and submit proposals for sanction of Government in due course.

5. The entire cost incidental to the conversion of the existing dispensaries into semi-itinerant ones and that of starting new itinerant dispensaries should be met from the Malnad Improvement grant for the respective districts.

No. 184-9—Med. 38-13-10, dated 9th July 1915.

6. The scheme as above sanctioned will be in operation for one year. The Senior Surgeon is requested to furnish a report at the end of April 1916 as to the working of these dispensaries and submit further proposals in consultation with the Malnad Improvement Committees regarding the continuance and increase of such dispensaries.

READ—

Letter No. 712, dated 18th January 1915, from the Superintendent of Government Stationery, forwarding the quarterly return of fresh appointments and promotions given in the Stationery Depot during the quarter ending 31st December 1914.

2. Letter No. 902, dated 8th January 1915, from the Superintendent, Government Press, forwarding statements of (i) fresh men entertained in service and (ii) promotions given to the officials of the Government Press during the quarter ending 31st December 1914.

Order No. G. 1012-15—G. M. 126-14-13, dated 22nd July 1915.

A single statement is submitted both for new appointments and for promotions. This is contrary to Government Order No. R. 2514-55—L. R. 214-05-1, dated 26th August 1905, prescribing these returns as amended by Government Order Nos. R. 6765-804—L. R. 103-05-11, dated 5th December 1905, and G. 1561—G. M. 120-09-2, dated 11th September 1909, respectively, and the Superintendent is requested to submit these returns separately in future.

2. The transfer of T. Hanumaji Rao from the Government Press, on promotion to the Government Stationery Depot, requires the sanction of Government, since the two offices are distinct; and the Superintendent's letter gives no information whether this official has furnished the security prescribed by Government Order No. 10138-39—Mis. F. 85-92, dated the 1st March 1899. This information should now be submitted.

3. Government consider it necessary to lay down definite rules regarding the power of appointment, leave and disciplinary action in the Government Press and Government Stationery Depot. These offices were, by Government Order No. B., dated the 31st March 1886, placed under the control of the Chief Secretary (now General and Revenue Secretary). The Superintendent had, as such, no powers of appointment, etc.; and Government Order No. G. 5727-66—G. F. 109-03, dated 22nd April 1905, which sanctioned the reorganization of the Government Press, allowed him only a reasonable degree of latitude in professional matters.

4. When Mr. C. H. Yates was appointed Superintendent of the Government Press, it was found necessary, in practice, to allow him to exercise some powers of appointment to enable him to secure efficient men to work in the Press. To remove all uncertainties the following instructions are issued for regulating these powers in future:—

(i) All appointments, whether fresh or on promotion, in the Government Press office and the Stationery Depot, of which the monthly salary exceeds Rs. 40 shall be made only with the previous sanction of Government. The Superintendent shall report the occurrence of such vacancies to Government with definite recommendations in each case setting forth the claims and qualifications of the available candidates.

(ii) All other appointments in those offices may be made by the Superintendent, but all appointments the monthly emoluments of which exceed Rs. 20 will be subject to the approval of Government.

(iii) Appointments or promotions involving transfers of officials from one office to another under the Superintendent shall require the previous sanction of Government.

(iv) The powers of punishment and granting leave follow those of appointment, an appeal to Government being allowed from orders passed by the Superintendent.

5. These rules will be liable to such revision as may be suitable on a change of incumbents in the office of Superintendent of the Government Press.

6. Separate orders will issue in regard to appointments in the Stamp Manufactory.

I. LAND HOLDING.

(1) POSSESSION AND ACQUISITION OF LANDED PROPERTY.

1. (*a*) Salaried servants of Government holding posts carrying a maximum salary of Rs. 250 and more shall not without the previous sanction of Government hold or acquire by purchase, bargain, mortgage or by other similar means directly or indirectly any landed property or interest in Mysore.

Government servants holding posts carrying a maximum salary between Rs. 100 and Rs. 250 per mensem and exercising independent judicial or revenue functions are similarly prohibited from holding without the previous sanction of Government lands situated within the districts in which they are employed.

Government servants may, however, continue to hold lands held by them at the time of their entry into service and may thereafter acquire lands by succession, inheritance or bequest subject to their making a declaration as prescribed in rule 4.

(*b*) Taluk Sheristedars and Police Inspectors are prohibited from holding or acquiring lands, without the previous sanction of the Deputy Commissioners, in the taluks in which they are employed.

Taluk officers of parallel grades in other departments such as the Excise, Forest, Medical, Registration and D. P. W, are also prohibited from holding or acquiring lands without the permission of the Head of the Department concerned who will consult the Deputy Commissioner before granting such permission.

(*c*) The rules above do not apply to houses and grounds taken up for ordinary dwelling purposes.

(*d*) The purchase of lands at public sales by Revenue and Judicial officers will be subject to the provisions of Section 30 of the Land Revenue Code, and Section 292 of the Civil Procedure Code respectively.

2. Applications for acquisition of lands submitted to Government by the Government servants referred to in clauses (*a*) and (*b*) *supra* should be in the form given in the Appendix.

(2) MANAGEMENT OF LANDED PROPERTY.

3. Government servants holding or possessing lands must not, under any circumstances, take a direct part in the cultivation of such lands.

4. Every Government servant or candidate for Government service must make to the Government, through the usual channel, a declaration of all immovable property in Mysore, which may, from time to time, be held or acquired by him or held and managed by his wife or by any member of his family living with, or in any way dependent upon him.

Such declaration should state the district within which the property is situated and should give such further information as the Government may, by general or special order, require.

The Deputy Commissioners and the Heads of Departments are requested to keep a register of all lands held by themselves and their subordinates in the form above prescribed, and submit an extract thereof to Government with their annual Administration Reports. In the cases of Departments the Heads of which have not hitherto been submitting such statements, the first statements submitted should embrace all the lands but the subsequent statements need only show the lands newly acquired by, and those which have passed from the possession of, the officers concerned.

II. SPECULATIONS AND INVESTMENTS.

5. A Government servant may not speculate in investments.

Speculation.

6. In applying this general rule, the purchase of a grant of land supposed to contain minerals with the object of disposing of it to companies, and the habitual purchase and sale of securities of notoriously fluctuating value, will be treated as speculation in investments.

7. No public servant will, without the previous sanction of Government, be allowed to take up directly or indirectly licenses for collecting corundum or other material or for exploring, prospecting or mining for minerals.

Investments other than those in immoveable property.

8. A Government servant may not make any investment, other than an investment in immoveable property permitted by Rule 1, which gives him a private interest in matters with which his public duties are connected.

Subject to these conditions he may hold or acquire shares in any company including a mining or agricultural company which has for its object the development of the resources of the country, but Government servants drawing Rs. 100 and upwards may not hold any shares in a joint stock or other company carrying on operations in the district in which they are employed; provided that this rule shall not apply in so far as it relates to the making of investments or placing of deposits by Government servants in co-operative credit societies, registered under Regulation III of 1905.

Promotion and management of companies.

9. A Gazetted officer, whether on leave or in active service, may not, without the special sanction of Government, take part in the promotion, registration or management of any Bank or other company.

This rule does not apply to any Government servant, who, with the sanction of Government, enters into the service of a Railway Company working a concession granted by the Government or to the management, by a Government servant, of any association established and conducted in good faith for the purpose of mutual supply and not for profit, when such management does not interfere with his public duties or (subject to the same condition) to any Government servant who, under the general or special sanction of Government, takes part in the management of a co-operative society, registered under Regulation III of 1905. The Government Advocate and Public Prosecutors may serve as Directors of a Bank or other company, if such service does not interfere with their public duties and the interests of the Bank or company are not opposed to those of Government.

Private trade or employment.

10. A Government servant may not, without the express sanction of the Head of his office or Department engage in any trade or undertake any employment other than his public duties.

This prohibition does not apply to the occasional undertaking of work of a literary or artistic character, provided that his public duties do not suffer thereby. The permission is liable to be withdrawn at any time.

11. Government officials are not forbidden to serve on Local and Municipal Boards, but such service is, except when the Government themselves nominate them as members, subject to the provision of section 10 *supra*.

12. Government servants are prohibited, under pain of dismissal, from being pecuniarily interested in a Government contract, from standing security for a contractor or acting as his agent or assistant in any way.

13. A Government servant shall not have any interest, either in his own name or in that of others, in arrack and toddy shops wholesale or retail.

III. Pecuniary relation of Government Servants.

Lending and borrowing.

14. A Gazetted officer and any other Government servant receiving a salary of Rs. 100 and above may not lend money to any person possessing land within the local limits of his authority, nor may he, except in the ordinary course of business with a joint stock Bank or a Firm of standing, borrow money from, or otherwise place himself under a pecuniary obligation to any person subject to his official authority, or residing, possessing land, or carrying on business within the local limits of such authority.

When a Government servant is appointed or transferred to a post of such a nature that a person from whom he has borrowed money or to whom he has otherwise placed himself under a pecuniary obligation will be subject to his

official authority, or will reside, possess immoveable property or carry on business within the local limits of such authority, he must forthwith declare the circumstances to the Government through the usual channel.

This applies also to officers drawing a pay of less than Rs. 100 a month, but in the case of these the report referred to in sub-paragraph 2 shall be made to the head of the office or the immediate official superior.

IV. Indebtedness of Government Servants.

15. When a Government servant is constantly arrested for debt or has recourse to the Insolvency court, or when one moiety of the salary of such Government servant is constantly being attached, has been continuously under attachment for a period exceeding two years, or is attached for a sum which, in ordinary circumstances, cannot be repaid within a period of two years, he will be considered liable to dismissal.

Insolvency and habitual indebtedness.

(ii) in such cases the matter should be reported to the Government or to such authority subordinate to the Government, as may, by general or special order, be directed.

(iii) When a moiety of an officer's salary is attached, the report should show what the proportion of the debts is to the salary: how far they detract from the debtor's efficiency as a Government servant; whether the debtor's position is irretrievable and whether, in the circumstances of the case, it is desirable to retain him in the post occupied by him when the matter was brought to notice or in any post under the Government.

(iv) In every case under this rule, the burden of proving that the insolvency or indebtedness is the result of circumstances which, with the exercise of ordinary diligence, the debtor could not have foreseen or over which he had no control and has not proceeded from extravagant or dissipated habits, will be upon the debtor.

V. Acceptance of Gifts by Government Servants.

16. A Government servant may not, without the previous sanction of the Government, directly or indirectly accept either on his own behalf or on behalf of any other person any gift, gratuity or reward or any promise of gift, gratuity or reward from any person with whom he may have to deal in his official capacity.

Gifts.

Any Government servant may accept a complimentary present of flowers or fruits or similar articles of trifling value. The practice of giving even such presents should however be discouraged.

When a gift of substantial value cannot be refused without giving offence, the acceptance should be reported to Government and their orders about the disposal thereof awaited.

17. A Government servant may not accept any presents on the occasion of a marriage taking place or any similar occurrence in his house, except from his own relatives.

18. Subject to the departmental rules governing the question, a Medical officer, may accept any gift, gratuity or reward offered in good faith by any person or body of persons in recognition of his professional services.

Application of Rules 16 and 17 to Medical officers.

VI. Acceptance of Testimonials and Addresses by Government Servants.

19 A Government servant may not without the previous sanction of Government receive any complimentary or valedictory address, accept any testimonial presented to him, or attend any public meeting or entertainment held in his honor, nor may he take part in any similar acknowledgment of the services of any other Government servant, or of any person who has recently quitted the service of Goevrnment.

Public demonstration in honor of Government servants.

The rule admits of the following exceptions:—

(*a*) The Dewan may receive an address.

(*b*) At the request of any public body a Government servant may sit for a portrait, bust or statue not intended for presentation to him.

(*c*) A Government servant may take part in the raising of funds to be expended in recognition of the services of another Government servant, on the founding of a scholarship or other public or charitable object, or on the execution of any portrait, bust or statue, not intended for presentation to such other Government servant. He may not, however, solicit subscriptions for the purpose.

20. A Government servant may take part in a private farewell entertainment attended only by personal friends, as a mark of regard to himself when retiring from the service or quitting a district or station or to another Government servant in similar circumstances.

21. Public officers should associate a committee of respectable men with them in all movements involving a call for and collection of public subscriptions, record the minutes of proceedings of such committees, and keep regular and correct accounts of receipts and expenditure, and, above all, keep their District officers acquainted with the same.

VII. Government Servants and Official Documents

Communication of official documents or information.

22. A Government servant may not, unless generally or specially empowered by his superior officer or by Government in this behalf, communicate directly or indirectly to Government servants belonging to other departments, or to non-official persons or to the Press, any document or information which has come into his possession in the course of his public duties, or has been prepared or collected by him in the course of those duties, whether from official sources or otherwise.

VIII. Government Servants and the Press.

Connection with Press

23. A Government servant may not, without the previous sanction of Government, become the proprietor in whole or in part, or conduct or participate in the editing or management of any newspaper or other periodical publication.

Such sanction will be given only in the case of a newspaper or publication mainly devoted to matters not of a political character, and may at any time in the discretion of the Government be withdrawn.

24. Subject to the provisions of Rule 23, a Government servant may contribute occasionally to the Press, but must confine himself within the limits of temperate and reasonable discussion; and, if his connection with the Press is contrary to the public interest, Government may withdraw his liberty to contribute.

IX. Government Servants and Politics.

Criticism of Government.

25. A Government servant may not convey to the public whether in writing or in a speech or otherwise any opinion upon any principle approved or action taken by Government, or upon any matter relating to the policy of Government which is, or is likely to become, the subject of public discussion, or discuss in newspapers or otherwise the relations between the Durbar and the British Government.

Political agitations and meetings.

26. A Government servant may not take part in or subscribe in aid of any political movement. Nor may he attend any political meeting, his presence at which is likely to be misconstrued or to impair his public usefulness. When there is room for doubt whether any action which a Government servant proposes to take will contravene the provisions of this rule, he should refer the matter for orders to the Government authority to whom he is immediately subordinate.

No. G. 765-816—G. M. 392-14-2, DATED 19TH JULY 1915.

X. GOVERNMENT SERVANTS AS ARBITRATORS.

Government servants as arbitrators.

27. No public officer shall act as an arbitrator in any case which is likely to come before him in any shape in virtue of any judicial or executive office which he may be holding.

If any officer acts as an arbitrator at the private request of disputants, he shall accept no fees.

If he acts as an arbitrator by appointment of a court of law, he may accept such fees as the court may fix.

XI. VINDICATION BY GOVERNMENT SERVANTS OF THEIR PUBLIC ACTS OR CHARACTER FROM DEFAMATORY ATTACKS.

Vindication of acts and character of Government servants as such.

28. A Government servant may not without the previous sanction of Government have recourse to any court or to the Press for the vindication of his public acts or character from defamatory attacks. In granting sanction to the recourse to a Court, Government will in each case decide whether it will itself bear the costs of the proceedings, or whether the Government servant shall institute the proceedings at his own expense, and, if so, whether, in the event of a decision in his favor, Government shall reimburse him to the extent of the whole or any part of the costs.

Nothing in this rule will limit or otherwise affect the right of any Government servant to vindicate his private acts or character.

XII. SUBMISSION OF MEMORIALS BY GOVERNMENT SERVANTS.

Rules regarding presentation of memorials.

29. (i) Every officer wishing to address a memorial to Government shall do so separately, and not in concert with others.

(ii) No officer in the employment of Government may submit any memorial in respect to any matter connected with the official position which he occupies in which he is not personally interested except as the agent of some person or persons unable to act in their own behalf.

(iii) No officer in the employment of Government shall submit a printed memorial.

(iv) No memorial shall be submited in a form set for general adoption, but shall be couched in the memorialist's own words and in temperate and respectful language.

(v) Any memorial contravening these rules will not be taken into consideration by the authority to which it is submitted and the conduct of the officer or officers submitting such memorials will render them to such notice as may seem suitable to Government.

Order No. 199-201—Edn. 80-14-10, dated 14th July 1915.

The students of the Geology Section of the Central College, of the Engineering School, Mysore, and of the Agricultural School at Hebbal, Bangalore, are taken out on excursions for practical instruction, and they are allowed the following concessions:—

Geology students of the Central College—

1. Railway fare, at concession rates to students and at full rates to a cook and peon, and luggage charges.
2. Cart-hire for road journeys.
3. Cloak room and travellers' bungalow rent.
4. Porter's fees and telegraphic charges, if any.

Students of the Mysore Engineering School—

1. Railway fares at concession rates.
2. Cart-hire for road journeys.
3. Batta at 3 annas per diem per student when no travelling charges are paid.

Students of the Agricultural School, Hebbal—

1. Railway fare (single 3rd class) to students and cooks, luggage charges and cooli.
2. Cart-hire.
3. Travellers' bungalow charges.
4. Wages to cooks, and
5. Batta to students and cooks at 4 annas per diem.

2. In Government Order No. 7769-71—Edn. 262-13, dated the 11th February 1914, the Inspector-General of Education has been authorised to settle in consultation with the Chief Engineer the programmes of the annual excursions of the Mysore Engineering School, while in the case of the Central College and the Agricultural School the sanction of Government is sought in each case to the programme and to the payment of the cost of the excursions.

3. Government consider that so long as there is a provision in the budget and it is not exceeded, the Head of the Department concerned may himself sanction the excursions, and authorise the payment of the railway fare and other charges of the excursions.

4. They are accordingly pleased to direct that in future these programmes be sanctioned by the Inspector-General of Education and the Director of Agriculture themselves. These officers will, however, have no power to increase the provision allotted in the budget for these excursions, by re-appropriation of grants provided in the budget for other purposes.

No. 154-200—E. A. 2-1915-16-1, DATED 31ST JULY 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL DEPARTMENT.

Order No. 154-200—E. A. 2-1915-16-1, dated 31st July 1915.

The attention of Government has been directed for some time past to the question of instituting improved methods for the recruitment of clerical and other subordinate non-technical services. The following points have been considered in this connection :—

(1) The qualifications required for admission into the service.
(2) The principles governing promotion.
(3) The distribution of the powers of patronage.

(1) *Qualification for admission.*

2. The qualifications required for service in the several departments are laid down in Government orders passed from time to time and are of two kinds, namely, (1) general educational qualifications and (2) pass in departmental tests. As regards the former, Government observe that there is a certain amount of needless diversity which it is desirable to remove. Thus in the rules governing admission into the Revenue Department (Notification No. R. 1678—L. R. 105-06-1, dated 7th August 1906) it is only for posts carrying a salary of Rs. 25 and upwards that a pass in the Matriculation Examination is required, but this qualification is obligatory in the Excise Department, which is presumably less popular than the Revenue Department, even for posts carrying a salary of Rs. 15 and upwards (Government Order No. 1437-8—Excise 1-1897-98, dated 30th November 1903). On the other hand in departments governed by Notification No. 3, dated 12th April 1888 the minimum general education demanded even for the higher posts is only a pass in the Lower Secondary Examination. Whatever the justification for these differences may have been at the time when the rules of the several departments were framed, Government consider that at present greater uniformity is possible. The rules for the Revenue Department seem generally suitable to existing circumstances and the minimum qualifications laid down therein may therefore be extended to other departments, with such modifications as may seem necessary.

3. The departmental examinations, as they are now conducted, demand some acquaintance with official text books, but they do not ensure on the part of candidates knowledge of either the principles or the technique of Government work. And though the initial deficiency in these respects is to some extent supplied by later experience, it is never wholly or satisfactorily made up. The exigencies of business rarely permit of duties being assigned to officials with an eye to their training and in any case it is not to be expected that knowledge gained solely in the course of ordinary work could be otherwise than crude and mechanical.

These considerations have led to a proposal that a school for the training of public servants should be established and that instructions should be provided in it in the subjects prescribed for departmental examinations, in the routine of official business, and in the general principles of public administration. This combination of practical and theoretical studies will, it is thought, secure for the public service a supply of officials who understand the technicalities of work without losing sight of its principles, and whose training predisposes them to interest in the problems of administration.

In the event of such a school being established, a period of training therein followed by a pass in the appropriate examinations, would have to be prescribed as an essential qualification for the more responsible posts in the subordinate service.

No. 154-200—E. A. 2-1915-16-1, dated 31st July 1915.

(2) Principles governing promotion.

4. The existing rules recognise that other things being equal, promotion should be determined by seniority. In order to ensure practical adherence to this principle, it seems necessary to lay down that no official should be superseded except on the ground of specific disqualification, to be recorded in each case by the sanctioning authority. This rule, based on considerations of fairness, is invariably acted upon in the case of the higher services but there is reason to think that the subordinate services do not always get the benefit of its application. It is therefore as well to authoritatively lay it down.

5. The principle admits however of one exception. In the interests of efficiency, it is necessary to rapidly promote men of high educational attainment and ability, and in so far as this is the case, the claims of seniority can be legitimately ignored. Rule 12 of the rules governing the recruitment of the Revenue Department is conceived on this principle, but the preferential claim for promotion that it gives to men coming under its provision does not extend beyond a monthly pay of Rs. 50 or 60. Government consider that the minimum should be raised to Rs. 100 by laying down that graduates entertained under the rule should have preference over others for the appointments of Deputy Amildar, District Sheristedar and District Head clerk after five years' approved service in the posts now assured to them.

6. A similar policy should be pursued in other departments also such as the Judicial, Police and Excise, so as to secure a larger supply of graduates for their upper subordinate ranks.

7. In order to give practical effect to such an arrangement and at the same time to avoid causing undue detriment to the promotion of deserving senior officials with lesser educational qualifications, it would be necessary to set apart a certain proportion of vacancies among the assured posts for being filled by recruits coming under this method, the rest being reserved for officials who have entered the service in the ordinary course. If at the time of a particular vacancy no candidate of the requisite type is available, it would of course be filled up without the restriction here contemplated.

(3) Distribution of the Powers of Patronage.

8. Powers of appointment and promotion have been hitherto vested in individual officers but this arrangement in spite of rules and restrictions has not always succeeded in eliminating favouritism and capricious methods. With a view to minimise these evils, if possible, it is proposed that officers empowered to make appointments and promotions should exercise that power in consultation with a committee constituted for the purpose. The officer responsible for the administration of the department or charge in question would be at liberty to overrule the opinions of his colleagues if he thinks such a course necessary, but he would be required to invariably record his reasons for so doing.

9. This arrangement, the Government think, will secure deliberation and impartiality in the distribution of appointments and promotions, without in any way weakening the sense of responsibility of Heads of Offices and Departments.

10. Before taking any action on these lines, however, Government desire to inform themselves of the views held by Heads of Departments and Deputy Commissioners on the subject and would add that constructive suggestions and detailed proposals on the points dealt with here would be particularly useful.

Maintenance of Government Vacant Lands.

No. 1403-35—P. W. 7450-82, DATED 28TH JULY 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

Order No. 1403-35—P. W. 7450-82, dated 28th July 1915.

A case has been brought to notice in which a site acquired on behalf of Government, though ordered to be taken possession of by the officer concerned until proposals for utilising it were definitely settled, was allowed to remain uncared for and, what is worse, was abandoned for indiscriminate use by the public.

2. Government consider that in all such cases the Department concerned should assume due responsibility and see that the place is not misused. They are accordingly pleased to lay down the following rules for future guidance:—

(1) All vacant lands belonging to Government within the limits of a Municipal town should be maintained in a sanitary condition and necessary steps should be taken to make some use of them or rent them for grazing or other temporary use, so that Government may get some return.

(2) The Department or officer in possession of the land should be held responsible to see to such matters.

(3) When a site is newly acquired, it should be taken possession of by the Deputy Commissioner under Section 16 of the Land Acquisition Regulation and formally handed over to the Department or officer for whom it was acquired, so that there might be no question afterwards as to responsibility for its maintenance.

(4) When a site is so handed over, it will be the duty of the Department or officer receiving charge of it to see that it is utilised as early as possible or obtain orders as regards its disposal, in case there should be delay in utilising it for the purpose for which it was acquired.

(5) A regular register of all vacant lands in charge of a Department or officer should be maintained, and it should be periodically examined to see that the lands are all properly conserved.

Order No. 117-147—Ry. F. 224-15-16, dated 12—15th July 1915.

Government are pleased to issue the following instructions in respect of the functions of the Committee appointed under paragraph 2 of the Government Order read above.

2. The Committee will ordinarily meet once a month and oftener when necessary. To begin with, they will map out, in outline, the Railway developments in the State requiring attention. The Committee will then be expected to prepare in detail a list of all important questions connected with Railway construction and Railway working. A construction programme for ten years may be prepared and kept ready, the lines being arranged in order of their importance to be taken up as funds may be forthcoming. The programme should be revised in the month of January every year. The questions requiring attention will be distributed among members for special study and development and on each of these questions the Committee will be expected to maintain continuous progress in regard to both proposals and practical action.

Watching progress and taking timely measures for the continuous and progressive growth of the activities of the Department should be the main concern of the Committee.

3. The training of local men for work in all branches of the Railway Department will be one of the most important duties of the Committee. In this connection, the Committee should prepare a forecast of all requirements and maintain a programme, revised from time to time, of all appointments for which local men will have to be trained.

4. Questions connected with the financial and other relations of the Government with the Madras and Southern Mahratta Railway Company in regard to State lines that are now worked by that Company should receive special attention.

5. The Committee will also study the existing conditions of traffic on open lines and suggest what facilities should be created to improve the traffic and enhance returns. They should endeavour to obtain each question settled with the least possible delay.

6. The Government may also, whenever they deem fit, call for the views of the Committee on any question pertaining to the Railway Department not falling within the classes of cases specified above.

7. The Secretary for Railways will, when necessary, circulate the papers and obtain the views of the Committee on any question on which their opinion may be necessary.

8. The Engineer-in-Chief and Agent, State Railway Department, will when requested attend the meetings of the Committee and help the members in their deliberations on important questions.

No. 117-47—Ry. F. 224-15-16, dated 12—15th July 1915.

9. Copies of Proceedings of the Committee should be sent confidentially to the Finance Department for information.

10. Dewan Bahadur Puttanna Chetty is appointed President of the Committee.

11. An honorarium of Rs. 600 per annum will be paid to each member of the Committee.

Note No. 635, dated 15th June 1915, from the Officiating Secretary for Railways, explaining the need for the appointment of a responsible officer to be in charge of Stores and Traffic Branches of the Railway Department and recommending that Mr. B. Venkoba Rao may be appointed Chief Store-keeper and Traffic Manager on a pay of Rs. 500 per mensem.

Order No. 156-61—Ry. F. 49E-15-16, dated 16th July 1915.

In the circumstances explained by the Railway Secretary, the Government of His Highness the Maharaja are pleased to appoint Mr. B. Venkoba Rao, late Assistant Traffic Superintendent, Madras and Southern Mahratta Railway Company, as Traffic Manager and Chief Store-keeper, Mysore State Railways, for a period of three years in the first instance on a pay of Rs. 500 per mensem and travelling allowances of an Executive Engineer.

2. Mr. Venkoba Rao will be under the orders of the Agent and Engineer-in-Chief in all matters connected with Traffic and Stores. The establishment of those sections now working in the Engineer-in-Chief and Agent's offices will be placed under his orders as soon as he reports himself for duty.

RAILWAY DEPARTMENT.

READ—

Government Order No. 542—Ry. 124, dated 12th April 1907, authorising the construction of a tramway from Shimoga to Kumsi by the Mysore Manganese Company, Limited.

2. Letter No. 49—E., dated 10th March 1912, from the Superintending Engineer, Northern Circle, bringing to notice the conversion of the trucks in use on the tramway into larger ones, thereby reducing the revenue to Government which has been fixed at 6 annas per truck load, under clause 34 of the order read above, and suggesting a modification of the rate on the tonnage basis.

3. Letters dated 2nd August 1912 and 23rd June 1913, from the Superintendent of the Company, admitting the conversion of trucks on the score of efficiency and requesting (1) the removal of the tax altogether in consideration of the large sums paid to Government, and the low profits realised by the sale of the Manganese ore, and (2) approval to the use of new pattern trucks on the tramway.

4. Note No. 234, dated 12th January 1914, from the Secretary for Railways, requesting sanction to the use of the new type of trucks on the line and the revision of the scale of taxation for Manganese ore carried on the line proposed in consultation with the Secretary, Geological Department.

Order No. 167-70—Ry. F. 52-15-16, dated 16th July 1915.

The action of the Company in remodelling the trucks without the previous approval of Government, as required under clause 29 of the Government Order read above, is irregular. The question raised by the Company as to the fairness of the tax itself has nothing to do with it.

2. The Deputy Commissioner who has been given the services of a clerk for collecting the tax should have brought the irregularity to the notice of Government without loss of time. He appears to be responsible for the delay in taking action and for allowing the Company to enlarge the trucks before a proper understanding was arrived at. He should exercise greater vigilance in the matter in future.

3. As it is reported that the new type of trucks can run without danger, their use on the tramway is approved.

4. With regard to the revision of the scale of taxation for Manganese ore carried on the line, the recommendations by the Public Works and Geological Departments have been duly considered by Government and they are pleased to direct—

(1) that for the first 10,000 tons of ore in a year, the tax should be levied at the rate of two annas per ton and for every ton above that quantity within the said year at one anna,

(2) that the question of levy of tolls by the Shimoga Municipality should be separately examined in consultation with the Municipality, and

(3) that the Deputy Commissioner should be consulted in regard to the proposal of the Public Works Secretary to tax other materials carried on the line by the Company.

5. The Company has consented to the levy of the revised rates in writing as required under clause 8 of the Tramway Regulation of 1906, and the said rates may be brought into force with effect from 1915-16, clause 34 of the Tramway Order dated 12th April 1907, being amended in accordance with this revision.

REVENUE

SECTION 1—LAND REVENUE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR JULY 1915.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	R 1-2—L R 88-14-13 ..	1	Rev. Comr. and Comptr.	Directs that Mr. A. Krishna Urs, Amildar, be allowed, as a special case, to count the service put in by him as Probationer from 13th October 1884 to 14th October 1891 for pension and be retired with effect from 18th June 1915.
2	R 12-14—L R 523-14-4 ...	2	Rev. Comr., Supt., Rev. Survey and Dy. Comr., Shimoga Dt.	With reference to the complaint of Channabasappagowda, Patel of Raghosahalli, Kumsi Sub-Taluk, that the resurvey map shows certain unauthorized cart-tracks on his umbli lands, observes that the indication of new tracks or altered tracks in resurvey maps tantamounts to a restriction of the rights of property possessed in the holding by private parties, and directs that they should not be effected without due enquiry by proper authority.
3	R 15—L R 330-14-2 ...	2	Rev. Commissioner ...	With reference to the Revenue Commissioner's recommendation to entertain a professional clock-winder to attend to the clocks in the several offices at Tumkur, states that the services of a professional clock-winder are unnecessary for the case of ordinary office clocks and the Managers or Head Clerks should, with ordinary care, be able to look after them.
4	R 29—L R 578-13-2 ...	2	Do ...	Recording the Revenue Commissioner's letter stating, with reference to the suggestion of the Deputy Commissioner, Tumkur, for the introduction of an examination for shanbhogs similar to the Karnam's test in Madras, that if the standing orders of Government and the Village Offices Regulation are strictly adhered to, the number of incompetent patels and shanbhogs may be very much reduced.
5	R 31—L R 11-14-153 ...	2	Do ...	Recording the Revenue Commissioner's report regarding the occurrence of an accidental fire at Jambargatta, Shimoga Taluk, on 24th May 1915.
6	R 33—L R 10-13-313 ...	2	Do ...	Recording the Revenue Commissioner's supplemental report regarding the occurrence of an accidental fire in the vicinity of Mulbagal, with the observation that the long delay of one year and three months in submitting the further report should have been avoided.
7	R 37-8—L R 14-14-100 ...	2	Comptr. and Rev. Comr.	Sanctioning a charge allowance bill for Rs. 2-8-0, on behalf of Subba Rao, Head Gumasta, Gundlupet Taluk, for having been in charge of the duties of the Taluk Sheristadar, in addition to his own, for fourteen days from 15th February 1915.
8	R 69—L R 2-14 ...	2	Rama Rao of Tayalcor, Mulbagal Tk.	Rejects his application for revision of the Government Order already passed rejecting his claim to the Shanbhogi of Tayalcor.
